Application to Parliament Private Bills

PUBLIC NOTICE

LEGISLATIVE ASSEMBLY OF ONTARIO

The attention of Municipal Officials, Solicitors and all other persons who may be interested in the preparation of Private Bills for submission to the Legislative Assembly of Ontario is directed particularly to the following Rules of the House governing the submission of such Bills:

RULES RE SUBMISSION OF PRIVATE BILLS

63.—(1) No petition for any Private Bill is received by the House after the first two weeks of each Session nor may any Private Bill be presented to the House after the first three weeks of each Session; nor may any report of any Standing or Select Committee upon a Private Bill be received after the first six weeks of each Session and no motion for the general suspension or modification of this Rule shall be entertained by the House unless after reference made thereof, at a previous sitting of the House, to the several Standing Committees charged with the consideration of Private Bills upon Report submitted to two or more of such committees.

64.—(1) Any person desiring to obtain a Private Bill shall deposit with the Clerk of the House at least eight (8) days before the meeting of the House a copy of such Bill together with a fee of \$150, and if such Bill is not deposited by that time the applicant shall pay \$10 for each and every day which intervenes between the said eighth day and the date of the filing of the Bill.

(2) After the first reading of the Bill and before its consideration by the Committee to which it is referred, the applicant in every case shall pay the cost of printing the Act in the Statutes.

(3) The following charges shall also be levied and paid in addition to the foregoing:

(a) When any rule of the House is suspended with reference to a Bill or the Petition therefor, for each suspension, \$50.

(b) When a Bill is presented to the House after the first three weeks of the Session and before the end of the fourth week, \$75.

(c) When a Bill is presented after the fourth week of the Session, \$100.

(4) In case of any Bill incorporating a company or increasing the capital stock of a company already incorporated, there shall be paid to the Clerk of the House, by or on behalf of the applicant, before the same is reported to the House, the same fee as would be payable to the Provincial Secretary in the case of an incorporation or increase of capital under the provisions of The Corporations Act, 1953, less the sum of \$150 already paid to the Clerk of the House.

(5) When a Bill is for the purpose of confirming by-laws, bonds, debentures or other securities, or authority is asked to borrow money or to increase borrowing powers, the following additional fees shall be paid according to the amount of money involved:

On amounts less than \$10,000, \$25; on amounts over \$10,000 and up to \$25,000, \$50; on amounts over \$25,000 and up to \$40,000, \$75; on amounts over \$40,000 and up to \$75,000, \$100; on amounts over \$75,000 and up to \$125,000, \$125; on amounts over \$125,000 and up to \$175,000, \$150; on amounts over \$175,000 and up to \$250,000, \$200; on amounts over \$250,000 and up to \$350,000, \$250; and an additional fee of \$50 for every \$100,000 over \$350,000.

66. All applications for Private Bills properly the subject of legislation by the Legislative Assembly of Ontario, within the purview of "The British North America Act, 1867", shall require a Notice, clearly and distinctly specifying the nature and object of the application and, where the application refers to any proposed work, indicating generally the location of the work, and signed by or on behalf of the applicants, such Notice to be published as follows, viz.:

A notice inserted in THE ONTARIO GAZETTE and in one newspaper published in the Municipality affected, or if there be no newspaper published therein, then in a newspaper in the next nearest municipality in which a newspaper is published.

Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the next preceding Session and the consideration of the Petition.

If the application is by a Municipal Corporation for authority to issue debentures the notice shall set out the particulars of the existing debentures debt and the amount of rateable property of the Municipality according to the last revised assessment roll of the Corporation, and in brief and general terms the object for which the new issue of debentures is required.

67. Before any Petition praying for leave to bring in a Private Bill for the erection of a Toll Bridge is received by the House, the person or persons intending to petition for such Bill shall, upon giving the Notice required by preceding Rule, also, at the same time and in the same manner, give Notice of the rates which they intend to ask, the extent of the privileges, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

68. Before any Petition praying for leave to bring in a Bill for the construction of Railways, Tramways or canals is received by the House, the person or persons petitioning for such Bill shall deposit with the Clerk the following documents:

1. A map or plan upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the line of existing or authorized works of a similar character within, or in any way affecting, the district or any part thereof which the proposed work is intended to serve. Such map or plan to be signed by the Engineer or other party making the same.

2. A book of reference in which shall be clearly set out the following information in separate schedules, namely:

SCHEDULE A.—The name of each municipality within which the proposed works or any part thereof are intended to be constructed; the population of each such municipality as returned by the next preceding census; the rateable value of the property within each such municipality, as returned by the next preceding assessment rolls thereof; and this schedule may contain in a separate statement similar information as to the adjoining districts intended to be served by the proposed work.

SCHEDULE B.—A general description of the nature, extent and proposed character of the contemplated works, and an estimate of the probable cost thereof, distinguishing the general items of construction and the cost thereof respectively, as well as the nature, extent and probable cost of all engines and car stock or other outfit or equipment necessary to the use and operation of the proposed undertaking, such schedule to be signed by the Engineer or other person preparing the same.

SCHEDULE C.—An exhibit showing the total amount of capital proposed to be raised for the purposes of the undertaking and the manner in which it is proposed to raise the same, whether by ordinary shares, bonds, debentures or other securities, and the amounts of each respectively.

SCHEDULE D.—An estimate of the probable revenues of the proposed undertaking showing the sources whence the same are expected to be derived; the annual earnings thereof respectively; the probable annual cost of operation or working expenditure, and the annual net revenue applicable to the payment of interest on the proposed investments, such schedules to be signed by the person preparing the same.

72. When any Bill for confirming any Letters Patent, or Agreement, is presented to the House, the copy of such Letters Patent, or Agreement, shall be attached to it.

74. Every Private Bill, when read a first time, unless it be an Estate Bill or a Bill providing for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation, shall stand referred to the proper Standing Committee, and all petitions before the House, for or against the Bill, are considered referred to such Committee.

75. Every Private Bill, in so far as it provides for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation, when a Bill has been read the first time, shall, without special reference, stand referred to The Ontario Railway and Municipal Board for their report; and a copy of such Bill and of the Petition on which the same is founded shall be forthwith transmitted by the Clerk of the House to the Board, in order that the Board may, after an inquiry into the allegations set out in the Bill, and into any other matters which the Board may deem necessary in connection therewith, report to the House whether or not it is reasonable that such Bill or part thereof relating to the matters aforesaid shall be passed; and what alterations, if any, should be made in the same, and the Board shall make such inquiry accordingly and shall sign the same; and the said Report, Bill and Petition shall be transmitted to the Clerk, and the Report shall be read by the Clerk at the Table and shall be entered on the Journals of the House, and the Bill, together with the Report, shall stand referred to the Standing Committee on Private Bills.

76. Every Estate Bill, when read a first time, shall without special reference, stand referred to the Commissioners of Estate Bills, for their Report, and a copy of such Bill, and of the Petition on which the same is founded, shall be forthwith transmitted by the Clerk

of the House to the said Commissioners, or one of them, in order that they, or any two of them, may, after perusing the Bill, without requiring any proof of the allegations thereof, report to the House their opinion thereon under their hands; and whether presuming the allegation contained in the preamble to be proved to the satisfaction of the House, it is reasonable that such Bill do pass into a Law; and whether the provisions thereof are proper for carrying its purposes into effect, and what alterations or amendments, if any, are necessary in the same, and in the event of their approving the said Bill they are to sign the same; and the said Report, with the said Bill and Petition, are to be transmitted by the said Commissioners to the Clerk; and the Report shall be read by the Clerk at the Table and shall be entered on the Journals of the House; and the Bill, together with the report shall stand referred to the Standing Committee on Private Bills, which is not to consider the said Bill before the delivery of the said Report, Bill and Petition to the Chairman of the said Committee.

77. In the event of the Commissioners of Estate Bills reporting that, in their opinion, it is not reasonable that the Bill submitted to them shall pass into law such Bill shall not be further considered.

IN THE DISTRICT COURT OF THE DISTRICT OF RAINY RIVER

IN THE MATTER OF By-Law No. 2084 of the Town of Fort Frances, being a By-law to change the name "Frog Creek Road" designating a highway in the said Town to the name "McIrvine Road".

I hereby appoint Wednesday, the 7th day of September, 1960, at the hour of 2.00 o'clock in the afternoon, at my Chambers in the Court House, Fort Frances, Ontario, for considering the said By-Law, and for hearing those advocating and opposing the change.

I order and direct that a copy of this appointment and of the said By-Law be published once in THE ONTARIO GAZETTE, at least two weeks before the return day of this appointment, and once a week for four successive weeks prior to the return of this appointment in the Fort Frances Times.

Dated at Fort Frances, Ontario, this 27th day of July, 1960.

A. R. HUGILL,
Judge.

TOWN OF FORT FRANCES

By-Law No. 2084

(Being a by-law for the purpose of changing the name of a certain street or thoroughfare in the Town of Fort Frances)

WHEREAS the Municipal Council of the Town of Fort Frances has considered suggestions to change the name "Frog Creek Road" designating a highway in the westerly portion of the municipality acquired under annexation of the Township of McIrvine in 1948; and

WHEREAS an organized group of citizens has petitioned that the identity of the former annexed township should be suitably recognized by a named highway;

THEREFORE, the Municipal Council of the Corporation of the Town of Fort Frances hereby enacts as follows:

1. That the proposed name "McIrvine Road" be and the same is hereby adopted as the name to be used for the highway presently designated as "Frog Creek Road" extending from Rainy River to the northerly boundary of the corporate limits of the Town of Fort Frances.

2. That this by-law be submitted to His Honour the Judge of the District Court in accordance with Section 388, sub-section 98, of the Revised Statutes of Ontario, 1950.

3. That a copy of this by-law and of the appointment made by His Honour the Judge of the District Court shall be served on the Registrar of the Registry Division of the District of Rainy River at least two weeks before the time appointed by His Honour the Judge of the District Court for hearing those advocating and opposing the changes.

4. That notice of the application for the change of name and of the hearing shall be published once in THE ONTARIO GAZETTE and once a week for four successive weeks in the Fort Frances Times.

5. That this by-law shall become effective on the day of the final passing thereof.

READ a first time in open Council this 25th day of July, 1960.

Application to Parliament Private Bills

PUBLIC NOTICE

LEGISLATIVE ASSEMBLY OF ONTARIO

The attention of Municipal Officials, Solicitors and all other persons who may be interested in the preparation of Private Bills for submission to the Legislative Assembly of Ontario is directed particularly to the following Rules of the House governing the submission of such Bills:

RULES RE SUBMISSION OF PRIVATE BILLS

63.—(1) No petition for any Private Bill is received by the House after the first two weeks of each Session nor may any Private Bill be presented to the House after the first three weeks of each Session; nor may any report of any Standing or Select Committee upon a Private Bill be received after the first six weeks of each Session and no motion for the general suspension or modification of this Rule shall be entertained by the House unless after reference made thereof, at a previous sitting of the House, to the several Standing Committees charged with the consideration of Private Bills upon Report submitted to two or more of such committees.

64.—(1) Any person desiring to obtain a Private Bill shall deposit with the Clerk of the House at least eight (8) days before the meeting of the House a copy of such Bill together with a fee of \$150, and if such Bill is not deposited by that time the applicant shall pay \$10 for each and every day which intervenes between the said eighth day and the date of the filing of the Bill.

(2) After the first reading of the Bill and before its consideration by the Committee to which it is referred, the applicant in every case shall pay the cost of printing the Act in the Statutes.

(3) The following charges shall also be levied and paid in addition to the foregoing:

(a) When any rule of the House is suspended with reference to a Bill or the Petition therefor, for each suspension, \$50.

(b) When a Bill is presented to the House after the first three weeks of the Session and before the end of the fourth week, \$75.

(c) When a Bill is presented after the fourth week of the Session, \$100.

(4) In case of any Bill incorporating a company or increasing the capital stock of a company already incorporated, there shall be paid to the Clerk of the House, by or on behalf of the applicant, before the same is reported to the House, the same fee as would be payable to the Provincial Secretary in the case of an incorporation or increase of capital under the provisions of The Corporations Act, 1953, less the sum of \$150 already paid to the Clerk of the House.

(5) When a Bill is for the purpose of confirming by-laws, bonds, debentures or other securities, or authority is asked to borrow money or to increase borrowing powers, the following additional fees shall be paid according to the amount of money involved:

On amounts less than \$10,000, \$25; on amounts over \$10,000 and up to \$25,000, \$50; on amounts over \$25,000 and up to \$40,000, \$75; on amounts over \$40,000 and up to \$75,000, \$100; on amounts over \$75,000 and up to \$125,000, \$125; on amounts over \$125,000 and up to \$175,000, \$150; on amounts over \$175,000 and up to \$250,000, \$200; on amounts over \$250,000 and up to \$350,000, \$250; and an additional fee of \$50 for every \$100,000 over \$350,000.

66. All applications for Private Bills properly the subject of legislation by the Legislative Assembly of Ontario, within the purview of "The British North America Act, 1867", shall require a Notice, clearly and distinctly specifying the nature and object of the application and, where the application refers to any proposed work, indicating generally the location of the work, and signed by or on behalf of the applicants, such Notice to be published as follows, viz.:

A notice inserted in THE ONTARIO GAZETTE and in one newspaper published in the Municipality affected, or if there be no newspaper published therein, then in a newspaper in the next nearest municipality in which a newspaper is published.

Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the next preceding Session and the consideration of the Petition.

If the application is by a Municipal Corporation for authority to issue debentures the notice shall set out the particulars of the existing debentures debt and the amount of rateable property of the Municipality according to the last revised assessment roll of the Corporation, and in brief and general terms the object for which the new issue of debentures is required.

67. Before any Petition praying for leave to bring in a Private Bill for the erection of a Toll Bridge is received by the House, the person or persons intending to petition for such Bill shall, upon giving the Notice required by preceding Rule, also, at the same time and in the same manner, give Notice of the rates which they intend to ask, the extent of the privileges, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

68. Before any Petition praying for leave to bring in a Bill for the construction of Railways, Tramways or canals is received by the House, the person or persons petitioning for such Bill shall deposit with the Clerk the following documents:

1. A map or plan upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the line of existing or authorized works of a similar character within, or in any way affecting, the district or any part thereof which the proposed work is intended to serve. Such map or plan to be signed by the Engineer or other party making the same.

2. A book of reference in which shall be clearly set out the following information in separate schedules, namely:

SCHEDULE A.—The name of each municipality within which the proposed works or any part thereof are intended to be constructed; the population of each such municipality as returned by the next preceding census; the rateable value of the property within each such municipality, as returned by the next preceding assessment rolls thereof; and this schedule may contain in a separate statement similar information as to the adjoining districts intended to be served by the proposed work.

SCHEDULE B.—A general description of the nature, extent and proposed character of the contemplated works, and an estimate of the probable cost thereof, distinguishing the general items of construction and the cost thereof respectively, as well as the nature, extent and probable cost of all engines and car stock or other outfit or equipment necessary to the use and operation of the proposed undertaking, such schedule to be signed by the Engineer or other person preparing the same.

SCHEDULE C.—An exhibit showing the total amount of capital proposed to be raised for the purposes of the undertaking and the manner in which it is proposed to raise the same, whether by ordinary shares, bonds, debentures or other securities, and the amounts of each respectively.

SCHEDULE D.—An estimate of the probable revenues of the proposed undertaking showing the sources whence the same are expected to be derived; the annual earnings thereof respectively; the probable annual cost of operation or working expenditure, and the annual net revenue applicable to the payment of interest on the proposed investments, such schedules to be signed by the person preparing the same.

72. When any Bill for confirming any Letters Patent, or Agreement, is presented to the House, the copy of such Letters Patent, or Agreement, shall be attached to it.

74. Every Private Bill, when read a first time, unless it be an Estate Bill or a Bill providing for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation, shall stand referred to the proper Standing Committee, and all petitions before the House, for or against the Bill, are considered referred to such Committee.

75. Every Private Bill, in so far as it provides for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation, when a Bill has been read the first time, shall, without special reference, stand referred to The Ontario Railway and Municipal Board for their report; and a copy of such Bill and of the Petition on which the same is founded shall be forthwith transmitted by the Clerk of the House to the Board, in order that the Board may, after an inquiry into the allegations set out in the Bill, and into any other matters which the Board may deem necessary in connection therewith, report to the House whether or not it is reasonable that such Bill or part thereof relating to the matters aforesaid shall be passed; and what alterations, if any, should be made in the same, and the Board shall make such inquiry accordingly and shall sign the same; and the said Report, Bill and Petition shall be transmitted to the Clerk, and the Report shall be read by the Clerk at the Table and shall be entered on the Journals of the House, and the Bill, together with the Report, shall stand referred to the Standing Committee on Private Bills.

76. Every Estate Bill, when read a first time, shall without special reference, stand referred to the Commissioners of Estate Bills, for their Report, and a copy of such Bill, and of the Petition on which the same is founded, shall be forthwith transmitted by the Clerk of the House to the said Commissioners, or one of them, in order that they, or any two of them, may, after perusing the Bill, without requiring any proof of the allegations thereof, report to the House their opinion thereon under their hands; and whether presuming the allegation contained in the preamble to be proved to the satisfaction of the House, it is reasonable that such Bill do pass into a Law; and whether the provisions thereof are proper for carrying its purposes into effect, and what alterations or amendments, if any, are necessary in the same, and in the event of their approving the said Bill they are to sign the same; and the said Report, with the said Bill and Petition, are to be transmitted by the said Commissioners to the Clerk; and the Report shall be read by the Clerk at the Table and shall be entered on the Journals of the House; and the Bill, together with the report shall stand referred to the Standing Committee on Private Bills, which is not to consider the said Bill before the delivery of the said Report, Bill and Petition to the Chairman of the said Committee.

77. In the event of the Commissioners of Estate Bills reporting that, in their opinion, it is not reasonable that the Bill submitted to them shall pass into law such Bill shall not be further considered.

Application to Parliament Private Bills

PUBLIC NOTICE

LEGISLATIVE ASSEMBLY OF ONTARIO

The attention of Municipal Officials, Solicitors and all other persons who may be interested in the preparation of Private Bills for submission to the Legislative Assembly of Ontario is directed particularly to the following Rules of the House governing the submission of such Bills:

RULES RE SUBMISSION OF PRIVATE BILLS

63.—(1) No petition for any Private Bill is received by the House after the first two weeks of each Session nor may any Private Bill be presented to the House after the first three weeks of each Session; nor may any report of any Standing or Select Committee upon a Private Bill be received after the first six weeks of each Session and no motion for the general suspension or modification of this Rule shall be entertained by the House unless after reference made thereof, at a previous sitting of the House, to the several Standing Committees charged with the consideration of Private Bills upon Report submitted to two or more of such committees.

64.—(1) Any person desiring to obtain a Private Bill shall deposit with the Clerk of the House at least eight (8) days before the meeting of the House a copy of such Bill together with a fee of \$150, and if such Bill is not deposited by that time the applicant shall pay \$10 for each and every day which intervenes between the said eighth day and the date of the filing of the Bill.

(2) After the first reading of the Bill and before its consideration by the Committee to which it is referred, the applicant in every case shall pay the cost of printing the Act in the Statutes.

(3) The following charges shall also be levied and paid in addition to the foregoing:

(a) When any rule of the House is suspended with reference to a Bill or the Petition therefor, for each suspension, \$50.

(b) When a Bill is presented to the House after the first three weeks of the Session and before the end of the fourth week, \$75.

(c) When a Bill is presented after the fourth week of the Session, \$100.

(4) In the case of any Bill incorporating a company or increasing the capital stock of a company already incorporated, there shall be paid to the Clerk of the House, by or on behalf of the applicant, before the same is reported to the House, the same fee as would be payable to the Provincial Secretary in the case of an incorporation or increase of capital under the provisions of The Corporations Act, 1953, less the sum of \$150 already paid to the Clerk of the House.

(5) When a Bill is for the purpose of confirming by-laws, bonds, debentures or other securities, or authority is asked to borrow money or to increase borrowing powers, the following additional fees shall be paid according to the amount of money involved:

On amounts less than \$10,000, \$25; on amounts over \$10,000 and up to \$25,000, \$50; on amounts over \$25,000 and up to \$40,000, \$75; on amounts over \$40,000 and up to \$75,000, \$100; on amounts over \$75,000 and up to \$125,000, \$125; on amounts over

\$125,000 and up to \$175,000, \$150; on amounts over \$175,000 and up to \$250,000, \$200; on amounts over \$250,000 and up to \$350,000, \$250; and an additional fee of \$50 for every \$100,000 over \$350,000.

66. All applications for Private Bills properly the subject of legislation by the Legislative Assembly of Ontario, within the purview of "The British North America Act, 1867", shall require a Notice, clearly and distinctly specifying the nature and object of the application and, where the application refers to any proposed work, indicating generally the location of the work, and signed by or on behalf of the applicants, such Notice to be published as follows, viz.:

A notice inserted in THE ONTARIO GAZETTE and in one newspaper published in the Municipality affected, or, if there be no newspaper published therein, then in a newspaper in the next nearest municipality in which a newspaper is published.

Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the next preceding Session and the consideration of the Petition.

If the application is by a Municipal Corporation for authority to issue debentures, the notice shall set out the particulars of the existing debenture debt and the amount of rateable property of the Municipality according to the last revised assessment roll of the Corporation, and in brief and general terms the object for which the new issue of debentures is required.

67. Before any Petition praying for leave to bring in a Private Bill for the erection of a Toll Bridge is received by the House, the person or persons intending to petition for such Bill shall, upon giving the Notice required by the preceding Rule, also, at the same time and in the same manner, give Notice of the rates which they intend to ask, the extent of the privileges, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

68. Before any Petition praying for leave to bring in a Bill for the construction of Railways, Tramways or canals is received by the House, the person or persons petitioning for such Bill shall deposit with the Clerk the following documents:

1. A map or plan upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the line of existing or authorized works of a similar character within, or in any way affecting, the district or any part thereof which the proposed work is intended to serve. Such map or plan to be signed by the Engineer or other party making the same.

2. A book of reference in which shall be clearly set out the following information in separate schedules, namely:

SCHEDULE A.—The name of each municipality within which the proposed works or any part thereof are intended to be constructed; the population of each such municipality as returned by the next preceding census; the rateable value of the property within each such municipality, as returned by the next preceding assessment rolls thereof; and this schedule may contain in a separate statement similar information as to the adjoining districts intended to be served by the proposed work.

SCHEDULE B.—A general description of the nature, extent and proposed character of the contemplated works, and an estimate of the probable cost thereof, distinguishing the general items of construction and the cost thereof respectively, as well as the nature, extent and probable cost of all engines and car stock

or other outfit or equipment necessary to the use and operation of the proposed undertaking, such schedule to be signed by the Engineer or other person preparing the same.

SCHEDULE C.—An exhibit showing the total amount of capital proposed to be raised for the purposes of the undertaking and the manner in which it is proposed to raise the same, whether by ordinary shares, bonds, debentures or other securities, and the amounts of each respectively.

SCHEDULE D.—An estimate of the probable revenues of the proposed undertaking, showing the sources whence the same are expected to be derived; the annual earnings thereof respectively; the probable annual cost of operation or working expenditure, and the annual net revenue applicable to the payment of interest on the proposed investments, such schedules to be signed by the person preparing the same.

72. When any Bill for confirming any Letters Patent, or Agreement, is presented to the House, the copy of such Letters Patent, or Agreement, shall be attached to it.

74. Every Private Bill, when read a first time, unless it be an Estate Bill or a Bill providing for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation, shall stand referred to the proper Standing Committee, and all petitions before the House, for or against the Bill, are considered referred to such Committee.

75. Every Private Bill, in so far as it provides for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation, when a Bill has been read the first time, shall, without special reference, stand referred to The Ontario Railway and Municipal Board for their report; and a copy of such Bill and of the Petition on which the same is founded shall be forthwith transmitted by the Clerk of the House to the Board, in order that the Board may, after an inquiry into the allegations set out in the Bill, and into any other matters which the Board may deem necessary in connection therewith, report to the House whether or not it is reasonable that such Bill or part thereof relating to the matters aforesaid shall be passed; and what alterations, if any, should be made in the same, and the Board shall make such inquiry accordingly and shall sign the same; and the said Report, Bill and Petition shall be transmitted to the Clerk, and the Report shall be read by the Clerk at the Table and shall be entered on the Journals of the House, and the Bill, together with the Report, shall stand referred to the Standing Committee on Private Bills.

76. Every Estate Bill, when read a first time, shall without special reference stand referred to the Commissioners of Estate Bills, for their Report, and a copy of such Bill, and of the Petition on which the same is founded, shall be forthwith transmitted by the Clerk of the House to the said Commissioners, or one of them, in order that they, or any two of them, may, after perusing the Bill, without requiring any proof of the allegations thereof, report to the House their opinion thereon under their hands; and whether, presuming the allegation contained in the preamble to be proved to the satisfaction of the House, it is reasonable that such Bill do pass into a Law; and whether the provisions thereof are proper for carrying its purposes into effect, and what alterations or amendments, if any, are necessary in the same, and in the event of their approving the said Bill they are to sign the same; and the said Report, with the said Bill and Petition, are to be transmitted by the said Commissioners to the Clerk; and the Report shall be read by the Clerk at the Table and shall be entered on the Journals of the House; and the Bill together with the report shall stand referred to the Standing Committee on Private Bills, which is not to consider the said Bill before the delivery of the said Report, Bill and Petition to the Chairman of the said Committee.

77. In the event of the Commissioners of Estate Bills reporting that, in their opinion, it is not reasonable that the Bill submitted to them shall pass into law, such Bill shall not be further considered.

RODERICK LEWIS, Q.C.,
Clerk of Legislative Assembly of Ontario.

3. A special unit and the patients therein and prospective patients are exempt from the provisions of the Act, except sections 1 to 10, sections 14 to 17, sections 38, 39 and 40, and sections 61, 62 and 63.

4.—(1) Any person who is, or is believed to be, suffering from a psychiatric disorder and to be in need of the observation, care and treatment provided in a special unit may be admitted thereto on his own application or on the application of a medical practitioner.

(2) An application for admission by a medical practitioner may be made verbally or in writing to the superintendent and the person for whom the application is made shall not be taken to the special unit for admission or admitted thereto until the admission has been awarded.

(3) Where an application for admission is made by a person who is not a medical practitioner, the superintendent may admit the person as a patient if,

- (a) he requires treatment in a special unit;
- (b) his mental condition, in the opinion of the superintendent, is such as to render him competent to make application for admission; and
- (c) he makes application in Form 1.

5.—(1) Where a patient is no longer in need of treatment in a special unit, the attending physician shall write an order that the patient be discharged.

(2) A patient shall be deemed to be discharged when the attending physician writes the order under subregulation 1 and communicates it to the patient.

(3) When a patient is discharged he shall leave the hospital but he may remain in the hospital for a further period not exceeding twenty-four hours with the approval of the superintendent.

(4) When a patient under the age of sixteen years is discharged the person liable for his maintenance shall remove him from the hospital but at the request of the person so liable the patient may, with the approval of the superintendent, be permitted to remain in the hospital for a further period not exceeding twenty-four hours.

6.—(1) When a person is admitted to a special unit he shall give the name and address of a relative or friend to be notified under subregulation 3.

(2) The attending physician shall notify the superintendent when he believes that the relative or friend should be present at the hospital with the patient.

(3) The superintendent shall so notify the relative or friend.

7. No physical treatment shall be given to a patient unless a consent in writing in Form 2 for the performance of the treatment has been signed by,

- (a) the patient; or
- (b) the parent or guardian of the patient if the patient is unmarried and under eighteen years of age.

8.—(1) The Lieutenant Governor in Council may appoint an advisory committee to the superintendent of the hospital where a special unit has been established.

(2) The advisory committee shall comprise not more than seven members who shall hold office for three years or until their successors are appointed.

(3) The advisory committee shall advise the superintendent respecting any matters affecting the special unit and make recommendations thereon.

Application to Parliament Private Bills

PUBLIC NOTICE

LEGISLATIVE ASSEMBLY OF ONTARIO

The attention of Municipal Officials, Solicitors and all other persons who may be interested in the preparation of Private Bills for submission to the Legislative Assembly of Ontario is directed particularly to the following Rules of the House governing the submission of such Bills:

RULES RE SUBMISSION OF PRIVATE BILLS

63.—(1) No petition for any Private Bill is received by the House after the first two weeks of each Session nor may any Private Bill be presented to the House after the first three weeks of each Session; nor may any report of any Standing or Select Committee upon a Private Bill be received after the first six weeks of each Session and no motion for the general suspension or modification of this Rule shall be entertained by the House unless after reference made thereof, at a previous sitting of the House, to the several Standing Committees charged with the consideration of Private Bills upon Report submitted to two or more of such committees.

64.—(1) Any person desiring to obtain a Private Bill shall deposit with the Clerk of the House at least eight (8) days before the meeting of the House a copy of such Bill together with a fee of \$150, and if such Bill is not deposited by that time the applicant shall pay \$10 for each and every day which intervenes between the said eighth day and the date of the filing of the Bill.

(2) After the first reading of the Bill and before its consideration by the Committee to which it is referred, the applicant in every case shall pay the cost of printing the Act in the Statutes.

(3) The following charges shall also be levied and paid in addition to the foregoing:

(a) When any rule of the House is suspended with reference to a Bill or the Petition therefor, for each suspension, \$50.

(b) When a Bill is presented to the House after the first three weeks of the Session and before the end of the fourth week, \$75.

(c) When a Bill is presented after the fourth week of the Session, \$100.

(4) In the case of any Bill incorporating a company or increasing the capital stock of a company already incorporated, there shall be paid to the Clerk of the House, by or on behalf of the applicant, before the same is reported to the House, the same fee as would be payable to the Provincial Secretary in the case of an incorporation or increase of capital under the provisions of The Corporations Act, 1953, less the sum of \$150 already paid to the Clerk of the House.

(5) When a Bill is for the purpose of confirming by-laws, bonds, debentures or other securities, or authority is asked to borrow money or to increase borrowing powers, the following additional fees shall be paid according to the amount of money involved:

On amounts less than \$10,000, \$25; on amounts over \$10,000 and up to \$25,000, \$50; on amounts over \$25,000 and up to \$40,000, \$75; on amounts over \$40,000 and up to \$75,000, \$100; on amounts over \$75,000 and up to \$125,000, \$125; on amounts over \$125,000 and up to \$175,000, \$150; on amounts over \$175,000 and up to \$250,000, \$200; on amounts over \$250,000 and up to \$350,000, \$250; and an additional fee of \$50 for every \$100,000 over \$350,000.

66. All applications for Private Bills properly the subject of legislation by the Legislative Assembly of Ontario, within the purview of "The British North America Act, 1867", shall require a Notice, clearly and distinctly specifying the nature and object of the application and, where the application refers to any proposed work, indicating generally the location of the work, and signed by or on behalf of the applicants, such Notice to be published as follows, viz.:

A notice inserted in THE ONTARIO GAZETTE and in one newspaper published in the Municipality affected, or, if there be no newspaper published therein, then in a newspaper in the next nearest municipality in which a newspaper is published.

Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the next preceding Session and the consideration of the Petition.

If the application is by a Municipal Corporation for authority to issue debentures, the notice shall set out the particulars of the existing debenture debt and the amount of rateable property of the Municipality according to the last revised assessment roll of the Corporation, and in brief and general terms the object for which the new issue of debentures is required.

67. Before any Petition praying for leave to bring in a Private Bill for the erection of a Toll Bridge is received by the House, the person or persons intending to petition for such Bill shall, upon giving the Notice required by the preceding Rule, also, at the same time and in the same manner, give Notice of the rates which they intend to ask, the extent of the privileges, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

68. Before any Petition praying for leave to bring in a Bill for the construction of Railways, Tramways or canals is received by the House, the person or persons petitioning for such Bill shall deposit with the Clerk the following documents:

1. A map or plan upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the line of existing or authorized works of a similar character within, or in any way affecting, the district or any part thereof which the proposed work is intended to serve. Such map or plan to be signed by the Engineer or other party making the same.

2. A book of reference in which shall be clearly set out the following information in separate schedules, namely:

SCHEDULE A.—The name of each municipality within which the proposed works or any part thereof are intended to be constructed; the population of each such municipality as returned by the next preceding census; the rateable value of the property within each such municipality, as returned by the next preceding assessment rolls thereof; and this schedule may contain in a separate statement similar information as to the adjoining districts intended to be served by the proposed work.

SCHEDULE B.—A general description of the nature, extent and proposed character of the contemplated works, and an estimate of the probable cost thereof, distinguishing the general items of construction and the cost thereof respectively, as well as the nature, extent and probable cost of all engines and car stock or other outfit or equipment necessary to the use and operation of the proposed undertaking, such schedule to be signed by the Engineer or other person preparing the same.

SCHEDULE C.—An exhibit showing the total amount of capital proposed to be raised for the purposes of the undertaking and the manner in which it is proposed to raise the same, whether by ordinary shares, bonds, debentures or other securities, and the amounts of each respectively.

SCHEDULE D.—An estimate of the probable revenues of the proposed undertaking, showing the sources whence the same are expected to be derived; the annual earnings thereof respectively; the probable annual cost of operation or working expenditure, and the annual net revenue applicable to the payment of interest on the proposed investments, such schedules to be signed by the person preparing the same.

72. When any Bill for confirming any Letters Patent, or Agreement, is presented to the House, the copy of such Letters Patent, or Agreement, shall be attached to it.

74. Every Private Bill, when read a first time, unless it be an Estate Bill or a Bill providing for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation, shall stand referred to the proper Standing Committee, and all petitions before the House, for or against the Bill, are considered referred to such Committee.

75. Every Private Bill, in so far as it provides for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation, when a Bill has been read the first time, shall, without special reference, stand referred to The Ontario Railway and Municipal Board for their report; and a copy of such Bill and of the Petition on which the same is founded shall be forthwith transmitted by the Clerk of the House to the Board, in order that the Board may, after an inquiry into the allegations set out in the Bill, and into any other matters which the Board may deem necessary in connection therewith, report to the House whether or not it is reasonable that such Bill or part thereof relating to the matters aforesaid shall be passed; and what alterations, if any, should be made in the same, and the Board shall make such inquiry accordingly and shall sign the same; and the said Report, Bill and Petition shall be transmitted to the Clerk, and the Report shall be read by the Clerk at the Table and shall be entered on the Journals of the House, and the Bill, together with the Report, shall stand referred to the Standing Committee on Private Bills.

76. Every Estate Bill, when read a first time, shall without special reference stand referred to the Commissioners of Estate Bills, for their Report, and a copy of such Bill, and of the Petition on which the same is

founded, shall be forthwith transmitted by the Clerk of the House to the said Commissioners, or one of them, in order that they, or any two of them, may, after perusing the Bill, without requiring any proof of the allegations thereof, report to the House their opinion thereon under their hands; and whether, presuming the allegation contained in the preamble to be proved to the satisfaction of the House, it is reasonable that such Bill do pass into a Law; and whether the provisions thereof are proper for carrying its purposes into effect, and what alterations or amendments, if any, are necessary in the same, and in the event of their approving the said Bill they are to sign the same; and the said Report, with the said Bill and Petition, are to be transmitted by the said Commissioners to the Clerk; and the Report shall be read by the Clerk at the Table and shall be entered on the Journals of the House; and the Bill together with the report shall stand referred to the Standing Committee on Private Bills, which is not to consider the said Bill before the delivery of the said Report, Bill and Petition to the Chairman of the said Committee.

77. In the event of the Commissioners of Estate Bills reporting that, in their opinion, it is not reasonable that the Bill submitted to them shall pass into law, such Bill shall not be further considered.

RODERICK LEWIS, Q.C.,
Clerk of Legislative Assembly of Ontario.

Application to Parliament Private Bills

PUBLIC NOTICE

LEGISLATIVE ASSEMBLY OF ONTARIO

The attention of Municipal Officials, Solicitors and all other persons who may be interested in the preparation of Private Bills for submission to the Legislative Assembly of Ontario is directed particularly to the following Rules of the House governing the submission of such Bills:

RULES RE SUBMISSION OF PRIVATE BILLS

63.—(1) No petition for any Private Bill is received by the House after the first two weeks of each Session nor may any Private Bill be presented to the House after the first three weeks of each Session; nor may any report of any Standing or Select Committee upon a Private Bill be received after the first six weeks of each Session and no motion for the general suspension or modification of this Rule shall be entertained by the House unless after reference made thereof, at a previous sitting of the House, to the several Standing Committees charged with the consideration of Private Bills upon Report submitted to two or more of such committees.

64.—(1) Any person desiring to obtain a Private Bill shall deposit with the Clerk of the House at least eight (8) days before the meeting of the House a copy of such Bill together with a fee of \$150, and if such Bill is not deposited by that time the applicant shall pay \$10 for each and every day which intervenes between the said eighth day and the date of the filing of the Bill.

(2) After the first reading of the Bill and before its consideration by the Committee to which it is referred, the applicant in every case shall pay the cost of printing the Act in the Statutes.

(3) The following charges shall also be levied and paid in addition to the foregoing:

(a) When any rule of the House is suspended with reference to a Bill or the Petition therefor, for each suspension, \$50.

(b) When a Bill is presented to the House after the first three weeks of the Session and before the end of the fourth week, \$75.

(c) When a Bill is presented after the fourth week of the Session, \$100.

(4) In the case of any Bill incorporating a company or increasing the capital stock of a company already incorporated, there shall be paid to the Clerk of the House, by or on behalf of the applicant, before the same is reported to the House, the same fee as would be payable to the Provincial Secretary in the case of an incorporation or increase of capital under the provisions of The Corporations Act, 1953, less the sum of \$150 already paid to the Clerk of the House.

(5) When a Bill is for the purpose of confirming by-laws, bonds, debentures or other securities, or authority is asked to borrow money or to increase borrowing powers, the following additional fees shall be paid according to the amount of money involved:

On amounts less than \$10,000, \$25; on amounts over \$10,000 and up to \$25,000, \$50; on amounts over \$25,000 and up to \$40,000, \$75; on amounts over \$40,000 and up to \$75,000, \$100; on amounts over \$75,000 and up to \$125,000, \$125; on amounts over

\$125,000 and up to \$175,000, \$150; on amounts over \$175,000 and up to \$250,000, \$200; on amounts over \$250,000 and up to \$350,000, \$250; and an additional fee of \$50 for every \$100,000 over \$350,000.

66. All applications for Private Bills properly the subject of legislation by the Legislative Assembly of Ontario, within the purview of "The British North America Act, 1867", shall require a Notice, clearly and distinctly specifying the nature and object of the application and, where the application refers to any proposed work, indicating generally the location of the work, and signed by or on behalf of the applicants, such Notice to be published as follows, viz.:

A notice inserted in THE ONTARIO GAZETTE and in one newspaper published in the Municipality affected, or, if there be no newspaper published therein, then in a newspaper in the next nearest municipality in which a newspaper is published.

Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the next preceding Session and the consideration of the Petition.

If the application is by a Municipal Corporation for authority to issue debentures, the notice shall set out the particulars of the existing debenture debt and the amount of rateable property of the Municipality according to the last revised assessment roll of the Corporation, and in brief and general terms the object for which the new issue of debentures is required.

67. Before any Petition praying for leave to bring in a Private Bill for the erection of a Toll Bridge is received by the House, the person or persons intending to petition for such Bill shall, upon giving the Notice required by the preceding Rule, also, at the same time and in the same manner, give Notice of the rates which they intend to ask, the extent of the privileges, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

68. Before any Petition praying for leave to bring in a Bill for the construction of Railways, Tramways or canals is received by the House, the person or persons petitioning for such Bill shall deposit with the Clerk the following documents:

1. A map or plan upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the line of existing or authorized works of a similar character within, or in any way affecting, the district or any part thereof which the proposed work is intended to serve. Such map or plan to be signed by the Engineer or other party making the same.

2. A book of reference in which shall be clearly set out the following information in separate schedules, namely:

SCHEDULE A.—The name of each municipality within which the proposed works or any part thereof are intended to be constructed; the population of each such municipality as returned by the next preceding census; the rateable value of the property within each such municipality, as returned by the next preceding assessment rolls thereof; and this schedule may contain in a separate statement similar information as to the adjoining districts intended to be served by the proposed work.

SCHEDULE B.—A general description of the nature, extent and proposed character of the contemplated works, and an estimate of the probable cost thereof, distinguishing the general items of construction and the cost thereof respectively, as well as the nature,

extent and probable cost of all engines and car stock or other outfit or equipment necessary to the use and operation of the proposed undertaking, such schedule to be signed by the Engineer or other person preparing the same.

SCHEDULE C.—An exhibit showing the total amount of capital proposed to be raised for the purposes of the undertaking and the manner in which it is proposed to raise the same, whether by ordinary shares, bonds, debentures or other securities, and the amounts of each respectively.

SCHEDULE D.—An estimate of the probable revenues of the proposed undertaking, showing the sources whence the same are expected to be derived; the annual earnings thereof respectively; the probable annual cost of operation or working expenditure, and the annual net revenue applicable to the payment of interest on the proposed investments, such schedules to be signed by the person preparing the same.

72. When any Bill for confirming any Letters Patent, or Agreement, is presented to the House, the copy of such Letters Patent, or Agreement, shall be attached to it.

74. Every Private Bill, when read a first time, unless it be an Estate Bill or a Bill providing for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation, shall stand referred to the proper Standing Committee, and all petitions before the House, for or against the Bill, are considered referred to such Committee.

75. Every Private Bill, in so far as it provides for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation, when a Bill has been read the first time, shall, without special reference, stand referred to The Ontario Railway and Municipal Board for their report; and a copy of such Bill and of the Petition on which the same is founded shall be forthwith transmitted by the Clerk of the House to the Board, in order that the Board may, after an inquiry into the allegations set out in the Bill, and into any other matters which the Board may deem necessary in connection therewith, report to the House whether or not it is reasonable that such Bill or part thereof relating to the matters aforesaid shall be passed; and what alterations, if any, should be made in the same, and the Board shall make such inquiry accordingly and shall sign the same; and the said Report, Bill and Petition shall be transmitted to the Clerk, and the Report shall be read by the Clerk at the Table and shall be entered on the Journals of the House, and the Bill, together with the Report, shall stand referred to the Standing Committee on Private Bills.

76. Every Estate Bill, when read a first time, shall without special reference stand referred to the Commissioners of Estate Bills, for their Report, and a copy of such Bill, and of the Petition on which the same is founded, shall be forthwith transmitted by the Clerk of the House to the said Commissioners, or one of them, in order that they, or any two of them, may, after perusing the Bill, without requiring any proof of the allegations thereof, report to the House their opinion thereon under their hands; and whether, presuming the allegation contained in the preamble to be proved to the satisfaction of the House, it is reasonable that such Bill do pass into a Law; and whether the provisions thereof are proper for carrying its purposes into effect, and what alterations or amendments, if any, are necessary in the same, and in the event of their approving the said Bill they are to sign the same; and the said Report, with the said Bill and Petition, are to be transmitted by the said Commissioners to the Clerk; and the Report shall be read by the Clerk at the Table and shall be entered on the Journals of the House; and the Bill together with the report shall stand referred to the Standing Committee on Private Bills, which is not to consider the said Bill before the delivery of the said Report, Bill and Petition to the Chairman of the said Committee.

77. In the event of the Commissioners of Estate Bills reporting that, in their opinion, it is not reasonable that the Bill submitted to them shall pass into law, such Bill shall not be further considered.

RODERICK LEWIS, Q.C.,
Clerk of Legislative Assembly of Ontario.

UPON THE APPLICATION of the Corporation
of the Township of South Monaghan for a quieting
order, and a public hearing having been held at the
Township of South Monaghan on the 29th day of
January, 1960, before W. Greenwood, B.Sc., member
of the Board, duly authorized by the Chairman of the
Board pursuant to Section 14 of The Ontario Municipal
Board Act in the presence of several officials of the
Township of South Monaghan and of the Township of
Hamilton, and it appearing that notice of the said
hearing had been given in accordance with the direc-
tions of the Board, and the said member after hearing
evidence and other submissions having adjourned
the hearing and having subsequently received a copy
of an agreement made between the Corporation of the
Township of South Monaghan and the Corporation of
the Township of Hamilton, dated the 12th day of
April, 1960, filed, and the said member having reported
to the Board and the Board having considered the
report of the said member;

1. THE BOARD ORDERS AND DECLARES,
under and in pursuance of the legislation hereinbefore
referred to, and of any and all other powers vested in
the Board, that

All islands, tracts of land and lands covered by
water, lying to the north of a line described as

TREASURER'S SALE OF LANDS IN ARREARS FOR TAXES

THE CORPORATION OF THE TOWNSHIP OF COLCHESTER SOUTH

To Wit:

BY VIRTUE OF A WARRANT under the hand of the Reeve of The Township of Colchester South, and the Seal of the Township, dated August 11th, 1960, and to me directed demanding me to levy upon the lands hereinafter described, I hereby give notice that pursuant to The Assessment Act, Revised Statutes of Ontario, 1950, and amendments thereto, I shall on Thursday, December 8th, 1960, at the hour of 10.00 o'clock in the forenoon at the Council Chambers, in the Municipal Hall, located in the Town of Harrow, Ontario, proceed to sell by Public Auction as much of the said lands as may be necessary for the payment of the said taxes and costs, unless the said arrears of taxes and costs have been sooner paid.

The adjourned sale if required will be held in the same place on Thursday, the fifth day of January, 1960, at the hour of 10.00 o'clock in the forenoon, at which the Municipal Council of The Township of Colchester South reserves the right to bid in lands.

Dated at Harrow, Ontario, this 15th day of August, 1960.

ROY HERNIMAN,
Treasurer, Township of Colchester South.

TREASURER'S SALE OF LANDS IN ARREARS FOR TAXES
COUNTY OF MIDDLESEX

To Wit:

BY VIRTUE OF A WARRANT issued by the Warden of the County of Middlesex under his hand and the Seal of the Corporation of the County of Middlesex, to me directed, and bearing date the 29th day of June, 1960, commanding me to levy upon and sell the lands in the County of Middlesex mentioned in the following list for arrears of taxes and costs, inclusive of commission, I hereby give notice that if such arrears of taxes and costs are not sooner paid, I shall proceed to sell by public auction the said lands for the payment of the said taxes and costs.

The sale shall be held in the Lower Assembly Room, in the New County Building, in the City of London, on Monday the 5th day of December, 1960, at the hour of 1.30 o'clock in the afternoon. All of the following lands are patented. The adjourned sale, if any, will be held on Monday, the 12th day of December, 1960, at the same time and in the same place as the sale. The following lands include tax arrears to December 31st, 1959, but will be sold subject to the purchaser paying any taxes owing and accruing after that date.

DEREK NEWTON,
Treasurer, County of Middlesex.

TREASURER'S SALE OF LANDS IN ARREARS OF TAXES

CORPORATION OF THE TOWNSHIP OF BERTIE

COUNTY OF WELLAND

To Wit:

BY VIRTUE OF A WARRANT issued by the Reeve of the Township of Bertie, bearing date of 15th day of August, 1960, and to me directed for the collection of the arrears of taxes upon the said lands hereinafter mentioned and described, being in the Township of Bertie, in the County of Welland, I hereby give notice that unless the said taxes together with all costs and charges are sooner paid, I shall on Wednesday, the 7th day of December, 1960, at the hour of 10.00 o'clock in the forenoon, in the Township Hall, Ridgeway, Ontario proceed to sell by public auction the said lands or as much thereof as shall be sufficient to discharge such arrears of taxes and costs and charges incurred. The lands are all patented. The parcels in the names of Limited Corporations and all other lands are to be sold subject to Corporation Tax Lien or other right, title or interest to the Crown, if any.

AND FURTHER TAKE NOTICE that it is the intention of the Council of the Township of Bertie to purchase at the adjourned sale, if held, all parcel or parcels of land if the price offered is less than the arrears of taxes and costs thereof according to The Assessment Act. The adjourned sale will be held at the same hour and place on Wednesday, the 14th day of December, 1960, if required.

GEORGE FARR,
Treasurer.

Treasurer's Office, Township of Bertie,
16th August, 1960.

THE ENERGY ACT, 1960

O. Reg. 235/60.

Drainage Units—Colchester South.
Made—25th August, 1960.
Filed—26th August, 1960.

REGULATIONS MADE UNDER THE ENERGY ACT, 1960

1. These regulations apply to the area described in Schedule 1 and more particularly illustrated and outlined in red on a plan filed in the office of the Registrar of Regulations at Toronto as No. 269.

2. The areas enclosed,

- (a) by lines parallel to a base line running parallel to the line between lots 76 and 77 in the Front Concession of the Township of Colchester South and running 500 feet east of the centre of the bore of the well known as Imperial-Harvest-Submarine Colchester South No. 76-1, located as described in Schedule 2; and
- (b) by lines parallel to a base line running at right angles to the base line described in clause a and running 500 feet south of the centre of the bore of the well referred to in clause a,

the parallel lines in each case being 1,000 feet apart, as shown on plan No. 269, are designated as drainage units.

3. No person shall,

- (a) bore or drill a well within 150 feet of the nearest limit of any highway or road allowance;
- (b) bore or drill a well on a drainage unit unless he is the producer thereof;
- (c) bore or drill more than one well on each drainage unit to the same producing horizon;
- (d) bore or drill a well on a drainage unit except on the part of the drainage unit that is enclosed by boundaries each of which has a side dimension of 330 feet and is the same distance from and parallel to the immediately opposite boundary of the drainage unit.

4. These regulations come into force on the 1st day of September, 1960.

SCHEDULE 1

In the Township of Colchester South in the County of Essex and being the area lying within a line described as follows:

Commencing at the point where the westerly limit of lot 95 in the Front Concession of the Township of Colchester South intersects the northerly shore of Lake Erie; thence northerly along the said westerly limit of lot 95 to the southerly limit of that part of the King's Highway known as No. 18; thence easterly along the southerly limit of the said King's Highway No. 18 to its intersection with the westerly limit of the road allowance between lots 15 and 16 in the Gore; thence southerly along the westerly limit of the said road allowance and along the line between lots 56 and 57 in the Front Concession to the intersection of the last-mentioned line with the northerly shore of Lake Erie; thence generally westerly along a line situated off the shore of Lake Erie and constituting the outermost boundary of each drainage unit that touches the said shore of Lake Erie, to the place of beginning.

SCHEDULE 2

Imperial-Harvest-Submarine Colchester South well No. 76-1 is located in township lot No. 76 in the first concession of the Township of Colchester South in the County of Essex at a point being 302.4 feet measured easterly at right angles to the line between lots 76 and 77 from a point in the said lot line which is 1861 feet measured northerly along the lot line from the northerly limit of that part of the King's Highway known as No. 18A.

THE ENERGY ACT, 1960

O. Reg. 236/60.

General.

Made—25th August, 1960.

Filed—26th August, 1960.

REGULATIONS MADE UNDER THE ENERGY ACT, 1960

PART 1

LICENCES, PERMITS AND REGISTRATIONS

1.—(1) The fee payable for a licence to lease gas or oil rights from an owner other than the Crown is \$10.

(2) A licence referred to in subregulation 1 is issued subject to the condition that, where a person other than a distributor leases gas or oil rights on behalf of a distributor, that person is the holder of a licence.

2. Where the amount of natural gas or oil produced in the year preceding the year for which application for a licence to produce gas or oil is made exceeds,

(a) 500,000 cubic feet of natural gas; or

(b) 50 barrels of oil,

the fee payable for the licence is \$10.

3. Where the amount of natural or manufactured gas distributed in the year preceding the year for which application for a licence to distribute gas is made,

(a) did not exceed 10,000,000 cubic feet, the fee payable for the licence is \$10;

(b) exceeded 10,000,000 cubic feet but did not exceed 100,000,000 cubic feet, the fee payable for the licence is \$25;

(c) exceeded 100,000,000 cubic feet but did not exceed 500,000,000 cubic feet, the fee payable for the licence is \$100;

(d) exceeded 500,000,000 cubic feet, the fee payable for the licence is \$250.

4. Where the amount of gas transmitted in the year preceding the year for which application for a licence to transmit gas is made,

(a) did not exceed 500,000,000 cubic feet, the fee payable for the licence is \$100;

(b) exceeded 500,000,000 cubic feet, the fee payable for the licence is \$250.

5.—(1) The fee payable for a licence for a machine for boring or drilling wells is \$10.

(2) A licence referred to in subregulation 1 shall be kept in a conspicuous position on or near the machine for which it was issued.

6.—(1) An application for a permit to bore or drill a well for gas or oil shall be made in duplicate to the Minister in Form 9 to Ontario Regulations 199/54.

(2) The fee payable for a permit to bore or drill a well other than for the exploring of sub-surface structures is \$10.

7.—(1) Every contractor shall register by filing with the Minister an application for registration in Form 19 to Ontario Regulations 199/54 and paying a registration fee of \$10.

(2) A certificate of registration shall be issued to a contractor who registers under subregulation 1.

(3) A registered contractor shall display his certificate of registration in a conspicuous place in his business premises and shall notify the Minister immediately upon any change of his business address.

8.—(1) Licences and permits issued and registrations made, other than licences for a machine for boring or drilling a well, are not transferable from one person to another.

(2) Every licence issued and registration made expires with the 31st day of December of the year for which it is issued or made.

9. Every distributor of natural or manufactured gas shall pay an annual fee for inspections during the year of his works and appliances and the works and appliances of his consumers in an amount equal to the cost of the inspections.

10.—(1) A licence in Form 1, 3, 4, 4a, 5 or 6 to Ontario Regulations 199/54, issued for a period expiring after *The Energy Act, 1960* comes into force and on or before the 31st day of December, 1960, whether issued under *The Energy Act, 1960* or under *The Ontario Fuel Board Act, 1954*, shall be deemed to be a licence issued under *The Energy Act, 1960*,

- (a) where the licence is in Form 1, to lease gas or oil rights from an owner other than the Crown;
- (b) where the licence is in Form 3, to produce gas or oil;
- (c) where the licence is in Form 4, to distribute gas other than liquefied petroleum gas;
- (d) where the licence is in Form 4a, to distribute liquefied petroleum gas;
- (e) where the licence is in Form 5, to transmit gas;
- (f) where the licence is in Form 6, for a machine for boring or drilling wells.

(2) A permit in Form 2a or 7 to Ontario Regulations 199/54, issued on or before the 31st day of December, 1960, whether issued under *The Energy Act, 1960* or under *The Ontario Fuel Board Act, 1954*, shall be deemed to be a permit issued under *The Energy Act, 1960*,

- (a) where the permit is in Form 2a, to bore or drill a well other than for the exploring of sub-surface structure; and
- (b) where the permit is in Form 7 for the use of gas by an industrial consumer.

(3) A registration made under *The Ontario Fuel Board Act, 1954* shall be deemed to be made under *The Energy Act, 1960*.

(4) A certificate of registration in Form 20 to Ontario Regulations 199/54, issued for a period expiring after *The Energy Act, 1960* comes into force and on or before the 31st day of December, 1960, whether issued under *The Energy Act, 1960* or under *The Ontario Fuel Board Act, 1954*, shall be deemed to be a certificate of registration issued under *The Energy Act, 1960*.

(5) A label issued under *The Ontario Fuel Board Act, 1954* shall be deemed to be issued under *The Energy Act, 1960*,

PART 2

EXPLORATION, DRILLING AND PRODUCTION

11.—(1) This regulation does not apply to wells drilled for the secondary recovery of oil, injection wells, gas storage wells, brine-disposal wells and structure and core-test holes.

(2) No person shall bore or drill a well,

- (a) within 150 feet of the near limit of any highway or road allowance; or
- (b) within 330 feet of the boundary of land other than a highway or road allowance to which gas or oil rights of another person pertain but where the boundary is also the boundary of a highway or road allowance notwithstanding clause a the 330 feet shall be measured from the centre line of the highway or road allowance; or

(c) within 1,000 feet of a well capable of producing gas or oil from the same horizon located within the boundaries of the parcel on which it is proposed to bore or drill the well.

(3) Where a well is bored or drilled into and not below a formation of Devonian age, the spacing required in clauses b and c of subregulation 2 may be reduced to 250 feet and 500 feet, respectively.

(4) No well shall be drilled in water-covered areas unless it is at least 2,000 feet from the shore line.

12. No person shall re-pressure, maintain pressure in or flood any gas or oil horizon by the injection of gas, oil, water or other substance other than by the injection for storage in a designated gas storage area.

13. All dry or abandoned wells shall be plugged in a manner that will, so far as it is practicable,

- (a) ensure protection for potential gas or oil producing horizons;
- (b) prevent the infiltration of water harmful to water, salt, gas or oil in its original formation; and
- (c) constitute no hazard to users of the surface.

14.—(1) No person shall cause or permit a well to flow uncontrolled.

(2) Where a well flows uncontrolled the producer of the well shall report or cause to be reported that fact to an inspector forthwith by the most effective means.

15.—(1) The producer of a well being drilled, tested, completed, stimulated or reconditioned shall provide adequate casing and control equipment.

(2) Control equipment shall be maintained in such condition that any gas, oil or water encountered can be effectively controlled.

(3) While a well is being drilled its control equipment shall be tested daily.

16. No person shall do any act that creates a condition in any drilling platform that is dangerous to any person.

17.—(1) A person boring or drilling a well shall take such measures as are necessary to control the harmful infiltration of waters from one horizon to another horizon.

(2) Where the casing in producing wells between the production casing and the surface casing is removed the production casing shall be cemented to a level above all strata containing mineral water, gas or oil.

(3) The surface casing shall not be removed from any producing well.

18.—(1) In all producing wells in water-covered areas,

- (a) the production casing shall be cemented; and
- (b) the well-head equipment shall include a solid and permanent water-tight seal between the water and any mineral water present in the spaces between casings.

(2) Within thirty days of the completion of drilling, testing, treating and equipping of a producing well in a water-covered area or the abandonment of a dry well in a water-covered area, any platform, piling, anchor-post or other obstruction that is not required for the protection of the well-head from damage, shall be removed.

19.—(1) No person shall, with water, drilling fluid, refuse or any flammable substance from any work,

- (a) create or constitute a hazard to public health or safety;
- (b) contaminate any fresh water or allow it to remain in a place from which it might contaminate any fresh water; or
- (c) damage any land or premises.

(2) Water from a well shall be disposed of in a manner that will not interfere with the rights of any person.

RECORDS AND REPORTS

20. The producer of a well being drilled shall maintain a daily drilling log in which shall be recorded all casing used, formations encountered, water, gas and oil encountered, water levels and the results of the daily test of control equipment.

21.—(1) Any person who bores or drills an exploratory well on Crown Lands shall cause radioactive, sonic or electrical logs to be taken to obtain sub-surface information.

(2) A copy of any log or survey on the same scale as the original for any well to obtain sub-surface information shall be supplied to the Minister within three months after the log or survey is taken and the log or survey shall be confidential for six months after it was taken unless previously released by the person who caused the log or survey to be taken.

22.—(1) Where a well is bored, drilled or deepened, the producer shall forward to the Minister within thirty days from the completion of the boring or drilling samples of rock cuttings taken at intervals of not more than ten feet, washed, dried, bagged and labelled.

(2) Where a well is bored or drilled or deepened, reworked, re-conditioned, re-treated, re-stimulated or re-cased, the producer shall forward to the Minister within thirty days from the completion of the work a report in Form 10 to Ontario Regulations 199/54.

23.—(1) Where a producer has caused a core analysis or any other down-hole test or analysis of samples to be made, he shall report the factual results thereof to the Minister within three months after the analysis or test has been made and the analysis or test shall be confidential for one year unless previously released by the producer.

(2) Each core shall be packed in numbered boxes, labelled as to well name and number and depth and protected from damage.

(3) No core shall be destroyed until sixty days after the Minister has been notified in writing of the intention to destroy the core.

24.—(1) Before commencing the plugging of a dry or abandoned well, the person carrying out the plugging operations shall complete Form 11 to Ontario Regulations 199/54 and forward it forthwith to the Minister.

(2) A record of the plugging of a dry or abandoned well in Form 12 to Ontario Regulations 199/54 shall be forwarded to the Minister within thirty days of the completion of the plugging operations.

PART 3

DISTRIBUTION AND CONSUMPTION

25. No person shall knowingly supply gas to or use any gas appliance where the appliance or its installation does not comply with the Act or the regulations.

26. The Canadian Gas Association is designated as an organization to test appliances to specifications approved by the Minister and to indicate their approval of such appliances by placing a seal of approval thereon.

27.—(1) Any person may apply to the Minister for a label in respect of any gas appliance that does not bear the seal of approval of an organization designated under regulation 26.

(2) The fee for a label is,

(a) \$1 in respect of a gas appliance to which the seal of approval of the American Gas Association, the Calgary Gas Approval Board, the Underwriters' Laboratories Incorporated or the Underwriters' Laboratories of Canada is affixed;

(b) \$5 in respect of any other gas appliance.

28. A tag attached to a work or appliance under section 3 of the Act shall be in Form 1.

29. All gas distributed to each consumer by a pipe line shall be measured through a meter.

30. Where a distributor's supply of gas is not sufficient to supply all the wants of the distributor's consumers, the gas shall be supplied to the consumers in the following order of preference:

1. For residential purposes.
2. For commercial purposes.
3. For industrial purposes.

31.—(1) Sections 1 and 2 of the code of standards made by the Canadian Standards Association contained in the publication entitled Installation Code for Gas Burning Appliances and Equipment and numbered CSA B-149-1958 are adopted with the following changes;

(a) The deletion of clause 1.4.25.5;

(b) The deletion of clause 1.4.30.1 and the substitution of the following therefor:

1.4.30.1 Piping shall be tested with air pressure of three pounds per square inch or one and one-half times the working pressure whichever be the greater. The piping shall retain the test pressure for a period of time acceptable to the testing authority but not less than ten minutes;

(c) The deletion of clause 1.5.6.8.

(2) The installation, repair, replacement or removal of appliances for the use of gas and the piping, fittings and venting thereof shall comply with the code of standards as adopted and changed under subregulation 1.

32.—(1) The code of standards adopted by the National Fire Protection Association and contained in the publication entitled Liquefied Petroleum Gas Piping and Appliance Installations in Buildings and numbered NFPA No. 52, except clause (a) of Section 4 thereof is adopted.

(2) No person shall install, repair, maintain, replace or remove a gas appliance for the use of liquefied petroleum gas or the piping or vents thereof, except in compliance with the code of standards referred to in subregulation 1.

33.—(1) The code of standards of Canadian Standards Association contained in the publication entitled Installation Code for Oil Burning Equipment and numbered CSA B-139-1957 is adopted.

(2) The installation, repair, maintenance, replacement or removal of fuel-oil appliances, fuel-oil piping tanks and vents shall comply with the code of standards adopted under subregulation 1.

PART 4

EXEMPTIONS

34.—(1) Persons who transmit or distribute liquefied petroleum gas in containers having a capacity of one pound or less are exempt from clause *c* of subsection 1 of section 5 of the Act.

(2) Persons who transmit hydrocarbons other than gas are exempt from clause *d* of subsection 1 of section 5 of the Act.

(3) Persons who conduct geophysical or geochemical exploration for gas or oil are exempt from clause *e* of subsection 1 of section 5 of the Act.

(4) Persons who transfer liquefied petroleum gas to pressure vessels are exempt from clause *f* of subsection 1 of section 5 of the Act.

(5) Any industrial consumer who uses less than 12,000,000 cubic feet of gas in any year is exempt from subsection 4 of section 5 of the Act.

(6) Fuel oil appliances are exempt from subsection 5 of section 5 of the Act.

(7) A corporation that is the owner of any appliance used or to be used by it is exempt from subsection 6 of section 5 of the Act.

(8) The owner of any fuel oil appliance used or to be used by him is exempt from subsection 6 of section 5 of the Act.

(9) A registered contractor is exempt from subsection 8 of section 5 of the Act while using any appliance for the purpose of testing or examining the flame.

PART 5

GENERAL

35. Every person producing gas shall, on or before the 15th day of November in each year, make an annual statement to the Minister showing the shut-in well-head pressure of each gas well except wells in which gas is stored.

36. Every distributor of natural gas shall make a monthly statement in duplicate, to the Minister in Form 13 to Ontario Regulations 199/54 on or before the 20th day of each month, for the preceding month.

37.—(1) Every person producing, storing, transmitting or distributing gas shall maintain a map or maps of his production and storage areas and his transmission and distribution systems.

(2) Every person producing oil shall maintain a map or maps of his production system.

38.—(1) Every person producing oil shall make an annual report in duplicate to the Minister in Form 14 to Ontario Regulations 199/54.

(2) Every person producing, storing, transmitting or distributing gas shall make an annual report in duplicate to the Minister in Form 15 to Ontario Regulations 199/54.

(3) The report under subregulation 1 or 2 shall be filed on or before the 15th day of March in each year, for the year ending with the 31st day of December of the preceding year.

39. Every producer, transmitter, distributor and storage company,

(a) shall report to an inspector in person or by telephone or telegraph immediately upon the fact becoming known to him,

(i) any fatality,

(ii) any fire or explosion resulting in property damage estimated to exceed \$250 in amount,

(iii) any fire or explosion resulting in personal injury requiring medical treatment,

where such fatality, fire or explosion was caused or appears to have been caused directly or indirectly by gas or oil produced, transmitted, distributed or stored by such person;

(b) shall report forthwith to the Minister in writing the information required under clause *a*; and

(c) shall, on the request of the Minister or an inspector, supply such additional information as may be required concerning any such fatality, fire or explosion.

40. The permission of the Minister to lay an information under section 7 of the Act shall be in Form 2.

41.—(1) Ontario Regulations 191/54, 194/55 and 252/56 are revoked.

(2) Ontario Regulations 199/54, except regulations 31 to 44 and forms 16, 17 and 18, and Ontario Regulations 40/55, 49/55, 169/56, 250/56, 77/57, 162/57, 240/57, 4/58, 241/58, 294/58, 89/59, 260/59, 13/60, 21/60 and 95/60 are revoked.

42. These regulations come into force on the 1st day of September, 1960.

THE ONTARIO ENERGY BOARD ACT, 1960

O. Reg. 238/60.

General.

Made—25th August, 1960.

Filed—26th August, 1960.

REGULATIONS MADE UNDER
THE ONTARIO ENERGY BOARD ACT, 1960

FEES

1.—(1) The fee payable on filing an application on a proceeding before the Board under the Act or any other Act is \$25.

(2) The fees payable for certified copies or document are,

(a) for each certificate, 50 cents; and

(b) for each 100 words of the document, 15 cents with a minimum fee of 50 cents.

ADJUDICATION BY BOARD

2. The Board shall adjudicate on and examine and report on,

(a) applications for regulations under paragraph 6, 14 or 15 of subsection 1 of section 9 of *The Energy Act, 1960*, of particular application;

(b) applications for regulations under paragraph 39 or 40 of subsection 1 of section 9 of *The Energy Act, 1960*,

that in the opinion of the Lieutenant Governor in Council require a public hearing.

FREE GAS OR REDUCED CHARGE

3.—(1) No producer shall furnish or supply any gas without charge or at a reduced rate under any contract for which the supplying of gas without charge or at a reduced rate is a consideration.

(2) Subregulation 1 does not apply to any contract or renewal thereof made before the 1st day of January, 1955.

GAS STORAGE AREAS

4. The areas described in Schedule 1 are designated as gas storage areas.

5.—(1) A board of arbitration, referred to in subsection 3 of section 19 of the Act may be composed of one or more persons, shall be appointed by the Minister.

(2) Where the board of arbitration is composed of more than one person, the Minister shall designate one of them as chairman.

(3) A board of arbitration shall proceed in a summary manner and the practice and procedure of the Ontario Municipal Board apply to any arbitration under section 19 of the Act.

(4) Where a board of arbitration is composed of more than one person, the decision of the majority of the members is the decision of the board and, if a majority of the members fail to agree upon any matter, the decision of the chairman upon such matter is the decision of the board.

(5) An appeal lies to the Ontario Municipal Board from the award of a board of arbitration.

(6) Notice of an appeal under this section shall be sent by registered mail by the party appealing to the secretary of the Ontario Municipal Board and to the other party within fourteen days after the making of the award.

Application to Parliament Private Bills

PUBLIC NOTICE

LEGISLATIVE ASSEMBLY OF ONTARIO

The attention of Municipal Officials, Solicitors and all other persons who may be interested in the preparation of Private Bills for submission to the Legislative Assembly of Ontario is directed particularly to the following Rules of the House governing the submission of such Bills:

RULES RE SUBMISSION OF PRIVATE BILLS

63.—(1) No petition for any Private Bill is received by the House after the first two weeks of each Session nor may any Private Bill be presented to the House after the first three weeks of each Session; nor may any report of any Standing or Select Committee upon a Private Bill be received after the first six weeks of each Session and no motion for the general suspension or modification of this Rule shall be entertained by the House unless after reference made thereof, at a previous sitting of the House, to the several Standing Committees charged with the consideration of Private Bills upon Report submitted to two or more of such committees.

64.—(1) Any person desiring to obtain a Private Bill shall deposit with the Clerk of the House at least eight (8) days before the meeting of the House a copy of such Bill together with a fee of \$150, and if such Bill is not deposited by that time the applicant shall pay \$10 for each and every day which intervenes between the said eighth day and the date of the filing of the Bill.

(2) After the first reading of the Bill and before its consideration by the Committee to which it is referred, the applicant in every case shall pay the cost of printing the Act in the Statutes.

(3) The following charges shall also be levied and paid in addition to the foregoing:

(a) When any rule of the House is suspended with reference to a Bill or the Petition therefor, for each suspension, \$50.

(b) When a Bill is presented to the House after the first three weeks of the Session and before the end of the fourth week, \$75.

(c) When a Bill is presented after the fourth week of the Session, \$100.

(4) In the case of any Bill incorporating a company or increasing the capital stock of a company already incorporated, there shall be paid to the Clerk of the House, by or on behalf of the applicant, before the same is reported to the House, the same fee as would be payable to the Provincial Secretary in the case of an incorporation or increase of capital under the provisions of The Corporations Act, 1953, less the sum of \$150 already paid to the Clerk of the House.

(5) When a Bill is for the purpose of confirming by-laws, bonds, debentures or other securities, or authority is asked to borrow money or to increase borrowing powers, the following additional fees shall be paid according to the amount of money involved:

On amounts less than \$10,000, \$25; on amounts over \$10,000 and up to \$25,000, \$50; on amounts over \$25,000 and up to \$40,000, \$75; on amounts over \$40,000 and up to \$75,000, \$100; on amounts over \$75,000 and up to \$125,000, \$125; on amounts over \$125,000 and up to \$175,000, \$150; on amounts over \$175,000 and up to \$250,000, \$200; on amounts over \$250,000 and up to \$350,000, \$250; and an additional fee of \$50 for every \$100,000 over \$350,000.

66. All applications for Private Bills properly the subject of legislation by the Legislative Assembly of Ontario, within the purview of "The British North America Act, 1867", shall require a Notice, clearly and distinctly specifying the nature and object of the application and, where the application refers to any proposed work, indicating generally the location of the work, and signed by or on behalf of the applicants, such Notice to be published as follows, viz.:

A notice inserted in THE ONTARIO GAZETTE and in one newspaper published in the Municipality affected, or, if there be no newspaper published therein, then in a newspaper in the next nearest municipality in which a newspaper is published.

Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the next preceding Session and the consideration of the Petition.

If the application is by a Municipal Corporation for authority to issue debentures, the notice shall set out the particulars of the existing debenture debt and the amount of rateable property of the Municipality according to the last revised assessment roll of the Corporation, and in brief and general terms the object for which the new issue of debentures is required.

67. Before any Petition praying for leave to bring in a Private Bill for the erection of a Toll Bridge is received by the House, the person or persons intending to petition for such Bill shall, upon giving the Notice required by the preceding Rule, also, at the same time and in the same manner, give Notice of the rates which they intend to ask, the extent of the privileges, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

68. Before any Petition praying for leave to bring in a Bill for the construction of Railways, Tramways or canals is received by the House, the person or persons petitioning for such Bill shall deposit with the Clerk the following documents:

1. A map or plan upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the line of existing or authorized works of a similar character within, or in any way affecting, the district or any part thereof which the proposed work is intended to serve. Such map or plan to be signed by the Engineer or other party making the same.

2. A book of reference in which shall be clearly set out the following information in separate schedules, namely:

SCHEDULE A.—The name of each municipality within which the proposed works or any part thereof are intended to be constructed; the population of each such municipality as returned by the next preceding census; the rateable value of the property within each such municipality, as returned by the next preceding assessment rolls thereof; and this schedule may contain in a separate statement similar information as to the adjoining districts intended to be served by the proposed work.

SCHEDULE B.—A general description of the nature, extent and proposed character of the contemplated works, and an estimate of the probable cost thereof, distinguishing the general items of construction and the cost thereof respectively, as well as the nature, extent and probable cost of all engines and car stock or other outfit or equipment necessary to the use and operation of the proposed undertaking, such schedule to be signed by the Engineer or other person preparing the same.

SCHEDULE C.—An exhibit showing the total amount of capital proposed to be raised for the purposes of the undertaking and the manner in which it is proposed to raise the same, whether by ordinary shares, bonds, debentures or other securities, and the amounts of each respectively.

SCHEDULE D.—An estimate of the probable revenues of the proposed undertaking, showing the sources whence the same are expected to be derived; the annual earnings thereof respectively; the probable annual cost of operation or working expenditure, and the annual net revenue applicable to the payment of interest on the proposed investments, such schedules to be signed by the person preparing the same.

72. When any Bill for confirming any Letters Patent, or Agreement, is presented to the House, the copy of such Letters Patent, or Agreement, shall be attached to it.

74. Every Private Bill, when read a first time, unless it be an Estate Bill or a Bill providing for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation, shall stand referred to the proper Standing Committee, and all petitions before the House, for or against the Bill, are considered referred to such Committee.

75. Every Private Bill, in so far as it provides for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation, when a Bill has been read the first time, shall, without special reference, stand referred to The Ontario Railway and Municipal Board for their report; and a copy of such Bill and of the Petition on which the same is founded shall be forthwith transmitted by the Clerk of the House to the Board, in order that the Board may, after an inquiry into the allegations set out in the Bill, and into any other matters which the Board

may deem necessary in connection therewith, report to the House whether or not it is reasonable that such Bill or part thereof relating to the matters aforesaid shall be passed; and what alterations, if any, should be made in the same, and the Board shall make such inquiry accordingly and shall sign the same; and the said Report, Bill and Petition shall be transmitted to the Clerk, and the Report shall be read by the Clerk at the Table and shall be entered on the Journals of the House, and the Bill, together with the Report, shall stand referred to the Standing Committee on Private Bills.

76. Every Estate Bill, when read a first time, shall without special reference stand referred to the Commissioners of Estate Bills, for their Report, and a copy of such Bill, and of the Petition on which the same is founded, shall be forthwith transmitted by the Clerk of the House to the said Commissioners, or one of them, in order that they, or any two of them, may, after perusing the Bill, without requiring any proof of the allegations thereof, report to the House their opinion thereon under their hands; and whether, presuming the allegation contained in the preamble to be proved to the satisfaction of the House, it is reasonable that such Bill do pass into a Law; and whether the provisions thereof are proper for carrying its purposes into effect, and what alterations or amendments, if any, are necessary in the same, and in the event of their approving the said Bill they are to sign the same; and the said Report, with the said Bill and Petition, are to be transmitted by the said Commissioners to the Clerk; and the Report shall be read by the Clerk at the Table and shall be entered on the Journals of the House; and the Bill together with the report shall stand referred to the Standing Committee on Private Bills, which is not to consider the said Bill before the delivery of the said Report, Bill and Petition to the Chairman of the said Committee.

77. In the event of the Commissioners of Estate Bills reporting that, in their opinion, it is not reasonable that the Bill submitted to them shall pass into law, such Bill shall not be further considered.

RODERICK LEWIS, Q.C.,
Clerk of Legislative Assembly of Ontario.

Application to Parliament Private Bills

PUBLIC NOTICE

LEGISLATIVE ASSEMBLY OF ONTARIO

The attention of Municipal Officials, Solicitors and all other persons who may be interested in the preparation of Private Bills for submission to the Legislative Assembly of Ontario is directed particularly to the following Rules of the House governing the submission of such Bills:

RULES RE SUBMISSION OF PRIVATE BILLS

63.—(1) No petition for any Private Bill is received by the House after the first two weeks of each Session nor may any Private Bill be presented to the House after the first three weeks of each Session; nor may any report of any Standing or Select Committee upon a Private Bill be received after the first six weeks of each Session and no motion for the general suspension or modification of this Rule shall be entertained by the House unless after reference made thereof, at a previous sitting of the House, to the several Standing Committees charged with the consideration of Private Bills upon Report submitted to two or more of such committees.

64.—(1) Any person desiring to obtain a Private Bill shall deposit with the Clerk of the House at least eight (8) days before the meeting of the House a copy of such Bill together with a fee of \$150, and if such Bill is not deposited by that time the applicant shall pay \$10 for each and every day which intervenes between the said eighth day and the date of the filing of the Bill.

(2) After the first reading of the Bill and before its consideration by the Committee to which it is referred, the applicant in every case shall pay the cost of printing the Act in the Statutes.

(3) The following charges shall also be levied and paid in addition to the foregoing:

(a) When any rule of the House is suspended with reference to a Bill or the Petition therefor, for each suspension, \$50.

(b) When a Bill is presented to the House after the first three weeks of the Session and before the end of the fourth week, \$75.

(c) When a Bill is presented after the fourth week of the Session, \$100.

(4) In the case of any Bill incorporating a company or increasing the capital stock of a company already incorporated, there shall be paid to the Clerk of the House, by or on behalf of the applicant, before the same is reported to the House, the same fee as would be payable to the Provincial Secretary in the case of an incorporation or increase of capital under the provisions of The Corporations Act, 1953, less the sum of \$150 already paid to the Clerk of the House.

(5) When a Bill is for the purpose of confirming by-laws, bonds, debentures or other securities, or authority is asked to borrow money or to increase borrowing powers, the following additional fees shall be paid according to the amount of money involved:

On amounts less than \$10,000, \$25; on amounts over \$10,000 and up to \$25,000, \$50; on amounts over \$25,000 and up to \$40,000, \$75; on amounts over \$40,000 and up to \$75,000, \$100; on amounts over \$75,000 and up to \$125,000, \$125; on amounts over \$125,000 and up to \$175,000, \$150; on amounts over \$175,000 and up to \$250,000, \$200; on amounts over \$250,000 and up to \$350,000, \$250; and an additional fee of \$50 for every \$100,000 over \$350,000.

66. All applications for Private Bills properly the subject of legislation by the Legislative Assembly of Ontario, within the purview of "The British North America Act, 1867", shall require a Notice, clearly and distinctly specifying the nature and object of the application and, where the application refers to any proposed work, indicating generally the location of the work, and signed by or on behalf of the applicants, such Notice to be published as follows, viz.:

A notice inserted in THE ONTARIO GAZETTE and in one newspaper published in the Municipality affected, or, if there be no newspaper published therein, then in a newspaper in the next nearest municipality in which a newspaper is published.

Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the next preceding Session and the consideration of the Petition.

If the application is by a Municipal Corporation for authority to issue debentures, the notice shall set out the particulars of the existing debenture debt and the amount of rateable property of the Municipality according to the last revised assessment roll of the Corporation, and in brief and general terms the object for which the new issue of debentures is required.

67. Before any Petition praying for leave to bring in a Private Bill for the erection of a Toll Bridge is received by the House, the person or persons intending to petition for such Bill shall, upon giving the Notice required by the preceding Rule, also, at the same time and in the same manner, give Notice of the rates which they intend to ask, the extent of the privileges, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

68. Before any Petition praying for leave to bring in a Bill for the construction of Railways, Tramways or canals is received by the House, the person or persons petitioning for such Bill shall deposit with the Clerk the following documents:

1. A map or plan upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the line of existing or authorized works of a similar character within, or in any way affecting, the district or any part thereof which the proposed work is intended to serve. Such map or plan to be signed by the Engineer or other party making the same.

2. A book of reference in which shall be clearly set out the following information in separate schedules, namely:

SCHEDULE A.—The name of each municipality within which the proposed works or any part thereof are intended to be constructed; the population of each such municipality as returned by the next preceding census; the rateable value of the property within each such municipality, as returned by the next preceding assessment rolls thereof; and this schedule may contain in a separate statement similar information as to the adjoining districts intended to be served by the proposed work.

SCHEDULE B.—A general description of the nature, extent and proposed character of the contemplated works, and an estimate of the probable cost thereof, distinguishing the general items of construction and the cost thereof respectively, as well as the nature, extent and probable cost of all engines and car stock or other outfit or equipment necessary to the use and operation of the proposed undertaking, such schedule to be signed by the Engineer or other person preparing the same.

SCHEDULE C.—An exhibit showing the total amount of capital proposed to be raised for the purposes of the undertaking and the manner in which it is proposed to raise the same, whether by ordinary shares, bonds, debentures or other securities, and the amounts of each respectively.

SCHEDULE D.—An estimate of the probable revenues of the proposed undertaking, showing the sources whence the same are expected to be derived; the annual earnings thereof respectively; the probable annual cost of operation or working expenditure, and the annual net revenue applicable to the payment of interest on the proposed investments, such schedules to be signed by the person preparing the same.

72. When any Bill for confirming any Letters Patent, or Agreement, is presented to the House, the copy of such Letters Patent, or Agreement, shall be attached to it.

74. Every Private Bill, when read a first time, unless it be an Estate Bill or a Bill providing for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation, shall stand referred to the proper Standing Committee, and all petitions before the House, for or against the Bill, are considered referred to such Committee.

75. Every Private Bill, in so far as it provides for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation, when a Bill has been read the first time, shall, without special reference, stand referred to The Ontario Railway and Municipal Board for their report; and a copy of such Bill and of the Petition on which the same is founded shall be forthwith transmitted by the Clerk of the House to the Board, in order that the Board may, after an inquiry into the allegations set out in the Bill, and into any other matters which the Board may deem necessary in connection therewith, report to the House whether or not it is reasonable that such Bill or part thereof relating to the matters aforesaid shall be passed; and what alterations, if any, should be made in the same, and the Board shall make such inquiry accordingly and shall sign the same; and the said Report, Bill and Petition shall be transmitted to the Clerk, and the Report shall be read by the Clerk at the Table and shall be entered on the Journals of the House, and the Bill, together with the Report, shall stand referred to the Standing Committee on Private Bills.

76. Every Estate Bill, when read a first time, shall without special reference stand referred to the Commissioners of Estate Bills, for their Report, and a copy of such Bill, and of the Petition on which the same is founded, shall be forthwith transmitted by the Clerk of the House to the said Commissioners, or one of them, in order that they, or any two of them, may, after perusing the Bill, without requiring any proof of the allegations thereof, report to the House their opinion thereon under their hands; and whether, presuming the allegation contained in the preamble to be proved to the satisfaction of the House, it is reasonable that such Bill do pass into a Law; and whether the provisions thereof are proper for carrying its purposes into effect, and what alterations or amendments, if any, are necessary in the same, and in the event of their approving the said Bill they are to sign the same; and the said Report, with the said Bill and Petition, are to be transmitted by the said Commissioners to the Clerk; and the Report shall be read by the Clerk at the Table and shall be entered on the Journals of the House; and the Bill together with the report shall stand referred to the Standing Committee on Private Bills, which is not to consider the said Bill before the delivery of the said Report, Bill and Petition to the Chairman of the said Committee.

77. In the event of the Commissioners of Estate Bills reporting that, in their opinion, it is not reasonable that the Bill submitted to them shall pass into law, such Bill shall not be further considered.

8. "building drain" means the lowest horizontal piping of drainage piping in and adjacent to a building or other structure that receives the discharge from a drainage pipe and conveys it to the building sewer;
9. "building sewer" means that part of drainage piping outside a building or other structure, that connects a building drain to the main sewer or, where the place of disposal of the sewage is on the property, to the place of disposal on the property and that commences at a point three feet from the outer face of the wall of the building or other structure and terminates at the property line or place of disposal on the property;
10. "building trap" means a running hand hole trap installed in a building drain to prevent circulation of air between the building drain and the building sewer;
11. "circuit vent" means a vent that functions for two or more traps and extends to a vent stack from a point on a horizontal branch in front of the last connected fixture; and "circuit vented" has a corresponding meaning;
12. "clean-out" means a device that has a removable cap or plug securely attached to it and is so constructed that it can be installed in a pipe so that the cap or plug may be removed to permit pipe cleaning apparatus to be inserted into the pipe;
13. "continuous waste and vent" means a vent pipe that is a vertical extension of a vertical waste pipe and includes the vertical waste pipe;
14. "copper tube" means copper tube or tubing having the dimensions and characteristics set out in Table 9;
15. "dead end" means branch leading from drainage piping or a vent pipe that ends in a cap, plug or other closed fitting;
16. "developed length", when used with reference to a pipe, means its length along the centre line of the pipe;
17. "distributing pipe" means pipe to convey water from a service pipe to a fixture or to an outlet and includes the control valves and fittings connected in it, but does not include a meter or control valve or other device owned and controlled by the supplier of the water;
18. "drainage piping" means all the connected piping that conveys sewage to a place of disposal, including the building drain, building sewer, soil pipe, soil stack, waste stack and waste pipe but does not include,
 - (a) a main sewer; and
 - (b) piping used for sewage in a sewage plant,
 and "drainage pipe" means any pipe in drainage piping;
19. "dual vent" means a vent pipe connecting at a junction of waste pipes serving two fixtures and serving as a common vent pipe for both fixtures;
20. "effective opening" means the cross-sectional area of a faucet, fitting or pipe at the point of discharge;
21. "faucet" means a water tap;
22. "first" when used with reference to the connection of a fixture to a horizontal branch, means nearest to the waste stack or soil stack;
23. "fixture" means a receptacle or any equipment that receives water, liquids or sewage and discharges the water, liquids or sewage into drainage piping;
24. "fixture trap" means a trap integral with or serving a fixture and includes an interceptor serving as a trap for a fixture;
25. "fixture unit" means the unit in which the hydraulic load produced by fixtures is expressed and determined under regulation 74;
26. "flood level" means the level at which water begins to overflow the top or rim of a fixture;
27. "flood level rim" means the top edge of a receptacle from which water overflows;
28. "floor drain" means a drain to receive water from a floor of a building;
29. "flush valve" means a valve for flushing a sanitary unit;
30. "graded", when used with reference to a pipe, means its slope with reference to the true horizontal;
31. "horizontal" means not departing from the true horizontal plane by more than 45 degrees;
32. "horizontal branch" means that part of a waste pipe that is horizontal and installed to convey the discharge from more than one fixture;
33. "indirect waste" means waste that is not discharged directly into drainage piping;
34. "indirect waste pipe" means a waste pipe that does not connect directly with drainage piping, but discharges into it through a trapped fixture;
35. "in front of", when used with reference to the point of connection of a fixture to a horizontal branch, means in the direction of discharge;
36. "inspector" means a person appointed or authorized by a municipality to carry out the inspections prescribed by these regulations;
37. "interceptor" means a receptacle to prevent oil, grease, sand or other materials from passing into drainage piping;
38. "last", when used with reference to the point of connection of a fixture to a horizontal branch, means farthest from the waste stack, soil stack or building drain to which the horizontal branch is connected;
39. "loop vent" means a branch vent that functions for two or more traps and loops back or extends to a stack vent from a point in front of the last connection of a fixture to a horizontal branch and "loop vented" has a corresponding meaning;

40. "main sewer" means the public sewer including its branches;
41. "multiple unit dwelling" means a building so constructed, altered or used as to provide accommodation for more than one family to dwell in separately;
42. "offset", when used with reference to piping, means a pipe or a bend of pipe or both that takes one section of the piping out of line with, but parallel to, another section;
43. "open air" means the atmosphere outside a building;
44. "outlet", when used with reference to distributing pipe, means an opening at which water is discharged from the pipe,
- (a) from a faucet;
 - (b) into a boiler or a heating system;
 - (c) into a device or equipment that is operated by water and that is not part of the distributing system; or
 - (d) into the open air, other than into an open tank forming part of the supply system;
45. "pipe" or "piping" includes tube and tubing other than copper tube or tubing and includes fittings;
46. "potable water" means water fit for human consumption;
47. "potable water system" means the plumbing that conveys potable water;
48. "public building" means any building to which the public have a right of access and, without limiting the generality of the foregoing, includes,
- (a) an apartment building or apartment house;
 - (b) a boarding house having equipment to provide meals for ten or more boarders;
 - (c) a building occupied by a municipal, public utility or educational body;
 - (d) an eating establishment within the meaning of Regulations 332 of Consolidated Regulations of Ontario, 1950;
 - (e) a factory, shop or office building as defined in *The Factory, Shop and Office Building Act*;
 - (f) a hotel as defined in *The Hotel Fire Safety Act*;
 - (g) a lodging house having accommodation for ten or more lodgers;
 - (h) a public hall as defined in *The Public Halls Act*;
 - (i) a tourist establishment as defined in *The Tourist Establishments Act*; and
 - (j) premises, whether enclosed or not, where
 - (i) any cinematograph or moving-picture machine or similar apparatus is operated,
 - (ii) any theatrical performance, carnival, circus, side show, menagerie, concert, rodeo, exhibition, horse race, athletic contest or other exhibition is staged or held, or
 - (iii) facilities for dancing or ice skating or roller skating are provided,
 and to which admission is granted upon payment for admission;
49. "relief vent" means a vent pipe discharging into a vent stack and connected to a horizontal branch between the first fixture connection and the soil stack or waste stack;
50. "rim" means the unobstructed open edge of a fixture;
51. "riser" means a supply pipe that extends through at least one full storey to convey water;
52. "sanitary unit" means a water-closet, urinal or bed pan washer;
53. "service pipe" means the pipe that conveys water between the main shut-off valve on the public water system and the control shut-off valve in a supply system;
54. "sewage" means any liquid waste containing animal, vegetable or mineral matter in suspension or solution;
55. "sewage tank," means a sump that is airtight except for the vent required by regulation 121 and that receives the discharge of sewage from a subdrain;
56. "soil stack" means a stack that conveys the discharge of sanitary units with or without the discharge from any other fixture;
57. "stack" means that part of drainage piping that is vertical and that runs from the building drain or sewage tank to the open air and includes offsets;
58. "stack vent" means the extension of a soil stack or waste stack above the highest connection of a waste pipe to the stack;
59. "subdrain" means a drain that is at a level lower than the building drain and the building sewer;
60. "sump" means a watertight tank,
- (a) that receives the discharge of drainage water from a subdrain; and
 - (b) from which the discharge flows or is ejected into drainage piping by pumping;
61. "supply system", includes the service pipe, distributing pipe and all connecting pipes, fittings, control valves and devices;
62. "trap seal" means the vertical depth of water between the crown weir and the trap dip;
63. "trap standard" means the trap for a fixture that is integral with the support for the fixture;
64. "trunk", when used with reference to drainage piping or vent pipe means a pipe into which two or more smaller drainage pipes or vent pipes discharge;

65. "vent stack" means a continuous run of vent pipe connected to a soil stack, waste stack or building drain and terminating in the open air;
66. "vent system" means a system of piping installed to provide a flow of air to or from drainage piping;
67. "vertical" means not departing from the true vertical plane by more than 45 degrees;
68. "waste pipe" means that part of drainage piping that runs from a fixture to a waste stack, soil stack, building drain or sewage tank;
69. "waste stack" means a stack that is not a soil stack;
70. "water-closet" means a fixture commonly so known;
71. "wet vent" means a waste pipe functioning also as a vent pipe;
72. "yoke vent" means a vent pipe connecting a soil stack or a waste stack to a vent stack.

(2) A mezzanine storey or floor in or upon which a fixture is installed shall be deemed to be a separate storey or floor.

2.—(1) These regulations apply to plumbing other than plumbing constructed, repaired, renewed or altered for the sole purpose of industrial processes.

(2) These regulations do not apply to those parts of territorial districts without municipal organization.

3. No person shall construct, repair, renew or alter plumbing except in conformance with these regulations.

4.—(1) Where plumbing has been constructed, repaired, renewed or altered, the plumbing shall not be put into use until it has been inspected and found to conform to these regulations.

(2) Subregulation 1 does not apply to,

- (a) the repairing or replacement of a valve, faucet or fixture; or
- (b) the repairing of a leak or forcing out of a stoppage.

(3) Every municipality shall carry out such inspections as are prescribed by these regulations.

(4) Where any plumbing to be inspected is concealed, the inspector may refuse to make his inspection until the plumbing is completely uncovered and made accessible to him.

5.—(1) An inspection shall be made within seven days after notification in writing to the municipality or its authorized agents that the construction, repair, renewal or alteration is ready for inspection.

(2) Where an inspection is made, the person who has constructed, repaired, renewed or altered the plumbing being inspected shall make the tests prescribed by these regulations under the supervision of the inspector.

(3) Where the inspector finds that the construction, repair, renewal or alteration does not conform to these regulations he shall forward to the person who has constructed, repaired, renewed or altered the plumbing and the person who has the right to possession or the owner of the premises particulars in writing of the non-conformance.

(4) Forthwith after finding that the construction, repair, renewal or alteration conforms to these regulations, the inspector shall certify the conformance in writing to the person who has the right to possession of the premises or the owner and upon request shall forward a copy of the certificate of conformance to the person who has constructed, repaired, renewed or altered the plumbing.

PART 1

GENERAL

Material

6. Except in piping of lead or copper, no joint shall be welded.

7. Used material shall not be used unless it conforms to the requirements for new material.

8.—(1) Sheet lead used in the construction, repair, renewal or alteration of plumbing shall,

- (a) consist of not less than 99.85 per cent of lead; and
- (b) weigh not less than five pounds a square foot.

(2) Lead used for caulking shall consist of not less than 99.73 per cent of lead.

9.—(1) Lead service piping of a trade size itemized in column 1 of Table 1 shall have wall thickness and density so that each yard of piping has not less than the weight prescribed in column 2.

(2) Lead waste pipe for water-closets shall be of a weight of at least eight pounds per square foot.

10.—(1) Solder used for wiped joints of lead-to-lead or lead-to-brass or lead-to-copper shall consist of,

- (a) not less than 57.85 per cent of lead;
- (b) not less than 30 per cent, but not more than 40 per cent, of tin; and
- (c) not more than 2 per cent of antimony,

and may contain not more than .15 per cent of impurities.

(2) The solder shall not contain aluminum or zinc.

11.—(1) Copper pipe or copper tube shall contain,

- (a) not less than 99.9 per cent of copper; and
- (b) not more than .04 per cent of phosphorus.

(2) Brass pipe shall contain 84 to 86 per cent of copper, not more than .06 per cent of lead, not more than .05 per cent of iron and the remainder shall be zinc.

12.—(1) Copper or brass pipe of a trade size set out in column 1 of Table 2 shall have,

- (a) the actual outside diameter set out in column 2 of Table 2;
- (b) where the pipe is installed as standard pipe, the nominal wall thickness set out in column 3 of Table 2; and
- (c) where the pipe is installed as extra heavy pipe, the nominal wall thickness set out in column 6 of Table 2.

(2) Copper or brass pipe of a trade size set out in column 1 of Table 2 shall have the nominal weight in pounds per foot of length,

- (a) where the pipe is installed as standard pipe, set out in column 4 for copper and column 5 for brass; and
- (b) where the pipe is installed as extra heavy pipe, set out in column 7 for copper and column 8 for brass.

(3) The wall thickness of copper or brass pipe shall not be less than the nominal wall thickness determined under subregulation 1 by a greater tolerance than,

- (a) where the pipe is 6 inches or less, trade size, 5 per cent;
- (b) where the pipe is over 6 inches and not over 8 inches, trade size, 7 per cent; and
- (c) where the pipe is over 8 inches, trade size, 8 per cent.

(4) The weight of copper or brass pipe shall not vary from the weight determined under subregulation 2 by a greater tolerance than,

- (a) where the pipe is 6 inches or less, trade size, 5 per cent;
- (b) where the pipe is over 6 inches and not over 8 inches, trade size, 7 per cent; and
- (c) where the pipe is over 8 inches, trade size, 8 per cent.

13.—(1) Copper tube of a trade size set out in column 1 of Table 9 shall have,

- (a) the actual outside diameter set out in column 2 within the tolerance set out in column 3 or 4, as the case may be;
- (b) the nominal wall thickness set out in column 5, 7, 9 or 11 for Type K, Type L, Type M or Type DWV, respectively and the actual wall thickness shall not vary from the nominal by a tolerance of more than that set out in column 6, 8, 10 or 12, respectively; and
- (c) the weight per foot set out in column 13, 14, 15 or 16 for Type K, Type L, Type M or Type DWV, respectively.

(2) The dimensions of copper service tube that is buried underground shall be not less than those for Type K in Table 9.

(3) Where copper tube that is used as a waste pipe or vent pipe is buried underground within a building, the dimensions of the tube shall be not less than those for Type L in Table 9.

(4) Where copper tube that is used as a waste pipe or vent pipe is buried underground outside a building, the dimensions of the tube shall be not less than those for Type K in Table 9.

(5) Copper tube in a supply system inside buildings shall have dimensions not less than those for Type L in Table 9.

(6) Copper tube installed above ground and used as a waste pipe or vent pipe shall have dimensions not less than those for Type DWV in Table 9.

(7) Hard copper tube shall not be installed unless its manufacturer has permanently marked thereon a designation indicating that it is K, L, M or DWV type at intervals of not more than two feet throughout its length.

14.—(1) Soldered pressure fittings and soldered drainage fittings made by the casting process shall contain the metals set out in the Table in items 1 and 2 of the Table in proportions at least those set out in

column 2, and shall not contain metals other than those in items 3 to 7 and those metals shall not be in proportions greater than those in column 2, as follows:

TABLE

Column 1	Column 2
1. Copper	78.0% minimum
2. Tin	2.25% minimum
3. Lead	8.0% maximum
4. Zinc	10.0% maximum
5. Nickel	1.0% maximum
6. Iron	0.4% maximum
7. Phosphorus	0.05% maximum

(2) Soldered pressure fittings and soldered drainage fittings made by the forging process shall not contain any metal in items 2, 3 and 4 of the Table in proportions in excess of the percentages in column 2 and shall contain the metals in items 1 and 5 in proportions at least those in column 2, as follows:

TABLE

Column 1	Column 2
1. Copper	58.0% minimum
2. Tin	1.5% maximum
3. Lead	2.5% maximum
4. Iron	0.30% maximum
5. Zinc	Remainder

Total of other impurities, 0.5% maximum.

(3) Soldered pressure fittings and soldered drainage fittings made by the machining process shall not contain the metals in items 2, 3, 4 and 5 of the Table in proportions in excess of the percentages in column 2 and shall contain the metals in items 1 and 6 in proportions at least those in column 2, as follows:

TABLE

Column 1	Column 2
1. Copper	60.0% minimum
2. Tin	1.2% maximum
3. Lead	3.7% maximum
4. Nickel	1.2% maximum
5. Iron	0.35% maximum
6. Zinc	Remainder

Total of other impurities, 0.5% maximum.

(4) Soldered pressure fittings and soldered drainage fittings made by the wrought process shall not contain the metals in items 2, 3, 4 and 5 of the Table in proportions in excess of the percentages in column 2 and shall contain the metals in items 1 and 6 in proportions at least those in column 2, as follows:

TABLE

Column 1	Column 2
1. Copper	84.0% minimum
2. Tin	1.2% maximum
3. Lead	0.06% maximum
4. Iron	0.05% maximum
5. Phosphorus	0.04% maximum
6. Zinc	Remainder

15. Soldered drainage fittings shall be of the DWV Type and permanently marked DWV.

16. A brass caulking ferrule of a trade size itemized in column 1 of Table 3 shall,

- (a) conform to the specifications prescribed for brass piping by subregulation 2 of regulation 11;
- (b) have an actual inside diameter not less than that prescribed in column 2;
- (c) be of a length not less than that prescribed in column 3; and
- (d) have weight not less than that prescribed in column 4.

17. A brass soldering nipple of a trade size itemized in column 1 of Table 4 shall,

- (a) conform to the specifications prescribed for brass piping by subregulation 2 of regulation 11;
- (b) be of a length not less than that prescribed in column 2; and
- (c) have weight not less than that prescribed in column 3.

18. A brass soldering hub of a trade size itemized in column 1 of Table 5 shall,

- (a) conform to the specifications prescribed for brass piping by subregulation 2 of regulation 11;
- (b) have an actual inside diameter not less than that prescribed in column 2;
- (c) be of a length not less than that prescribed in column 3; and
- (d) have weight not less than that prescribed in column 4.

SUPPORT OF PIPES

19.—(1) An underground pipe shall be supported and protected in such manner and at such intervals as will prevent the pipe and the joints from being subjected to any stress likely to cause breakage.

(2) A pipe passing under or through a wall shall be protected against breakage caused by the weight of the wall bearing on the pipe or by settling of the wall.

(3) A metal pipe passing under or through cinders or corrosive material shall be protected against corrosion by a heavy coat of bituminous or similar material applied to the outside of the pipe.

(4) The supply system and drainage piping shall be protected from damage by freezing.

(5) Provision shall be made for probable expansion or contraction of piping by means of expansion joints or expansion loops.

20.—(1) Vertical piping shall be supported and anchored with strong wrought iron rests.

(2) Subject to subregulation 3, the rests shall be set not farther apart than,

- (a) the floor levels of alternate storeys; or
- (b) twenty-five feet vertical distance,

whichever is the lesser.

(3) Where pipes are offset or branched, the rests shall be placed at such shorter intervals as are necessary to support and keep the piping in alignment when full of liquid.

21.—(1) Subject to subregulations 2 to 5, horizontal piping shall be supported at points sufficiently close,

- (a) to prevent the pipe from sagging when it is full of liquid; and
- (b) to keep it in alignment when it is full of liquid.

(2) No interval between supports shall be greater than eight feet.

(3) Lead pipe in horizontal runs shall be supported throughout its entire length.

(4) Cast iron pipe in horizontal runs shall have at least one support between each two joints.

(5) Piping in horizontal runs of material other than lead or cast iron shall be supported at intervals of not more than,

- (a) eight feet for pipes larger than $\frac{3}{4}$ inch, trade size; and
- (b) six feet for pipes of $\frac{3}{4}$ inch, or smaller, trade size.

22.—(1) Ring hangers shall be used for pipe of a trade size of more than 4 inch and, where the pipe is suspended from above, for pipe of 4 inch trade size.

(2) Where a strap hanger or ring hanger is used, it shall be of metal and,

- (a) subject to subregulation 4, come into contact with the metal of the pipe;
- (b) be of a design and strength sufficient to support the load carried; and
- (c) be securely attached to the building.

(3) Where a strap hanger or ring hanger is attached to stone, brick, cement, concrete or other similar material, the attachment shall be made by means of metal or expansion type plugs inserted into the materials.

(4) Where a strap hanger or ring hanger supporting brass or copper pipe is of a material different from the pipe it shall be insulated to prevent electrolysis between the pipe and the hanger.

PART 2

WATER SYSTEMS

General

23. This Part applies to supply systems conveying potable water.

24.—(1) No connection shall be made in a potable water system whereby any foreign matter or non-potable water may enter the potable water system.

(2) No person shall interfere with a potable water system in such manner as to cause the water to become non-potable.

(3) No pipe or fitting that has been used for any purpose other than the distribution of potable water shall be installed in a potable water system.

(4) A potable water system shall be separate from and independent of a supply system for non-potable water.

(5) No pipe conveying non-potable water or sewage shall be run where it may contaminate the water in,

(a) a tank for potable water that is not a pressure tank; or

(b) any food handling equipment.

(6) No part of a sewage ejector shall be connected to any part of a potable water system.

25.—(1) A tank for distributing potable water that is not a pressure tank shall have a cover sufficiently tight fitting to keep foreign matter from entering the water.

(2) Every well, pump, tank, filter, softener, appliance and device connected to a potable water system shall be provided with such covers, walls, copings and casings as entirely exclude superficial ground or surface water and other sources of contamination.

26. All newly installed repaired or altered parts of a potable water system shall, before the system is put into use, be thoroughly cleansed to ensure freedom from contamination.

27. All piping conveying non-potable water shall be,

(a) identified by distinct, easily recognizable, permanent marking; and

(b) not accessible as a supply of water for human consumption or for preparation of food.

28. Non-potable water shall not be conveyed to any part of a food processing establishment where food is being processed.

PIPING

29.—(1) Subject to subregulation 2, service piping and distributing piping shall be of,

(a) brass, conforming to regulations 11 and 12;

(b) cast iron, conforming to regulation 30;

(c) copper, conforming to regulations 11 and 12;

(d) lead, conforming to regulation 9;

(e) open hearth iron, conforming to regulation 31;

(f) steel, conforming to regulation 32; or

(g) wrought iron, conforming to regulations 33 and 34;

(2) Service piping may be of polyethylene if the pipe,

(a) is non-toxic;

(b) contains not less than 2 per cent of channel carbon black, having a particle size of 10 to 22 millimicrons mean effective diameter and being well dispersed as revealed by microscopic examination;

(c) contains an anti-oxidant;

(d) is permanently identified at intervals of not more than twenty feet;

(e) is composed of unused polyethylene, single pass rework polyethylene or a blend of unused polyethylene with single pass rework polyethylene that is of the same type and kind and manufactured by the same manufacturer;

(f) is capable of withstanding a working pressure of at least 100 p.s.i. and is permanently marked with the working pressure at intervals of not more than twenty feet;

(g) is capable of withstanding a burst pressure of 400 per cent of the working pressure where the pressure is increased at a constant rate of 10 per cent of the burst pressure every six seconds at a temperature of 70° F.;

(h) while subjected, during the Kellam Stress Cracking Test, to an internal pressure of 200 per cent of its working pressure for at least three hours, produces no failures out of six pieces tested;

(i) has fittings of a material not containing any polystyrene which are secured by clamps of which all parts are made only of stainless steel,

and if each of ten samples, each from .23 to .27 inches wide, .065 to .085 inches thick and 1¼ inches long, cut from a sheet pressed from the pipe, shows no sign of cracking when,

(j) clamped so that from .75 to 1.25 inches is unsupported;

(k) under a temperature of —55° C.; and

(l) the unsupported section is struck a blow with an instrument having a striking edge with a radius of 1/16th of an inch moving at a speed of from 6 to 7 feet per second, at a point where the centre line of the striking edge is from .30 to .32 inches from the face of the clamp holding the specimen.

(3) Where a pipe or fitting of iron of any kind or of steel is used, it shall be zinc galvanized or cement lined and, where it is underground, it shall be of a trade size not smaller than 1¼ inch.

(4) No pipe of one inch diameter or less in a supply system in a building shall be tapped or drilled.

30. Distributing piping or service piping of cast iron shall have a tensile strength to withstand an internal hydrostatic pressure of at least 150 p.s.i.

31.—(1) Welded alloyed open hearth iron piping of a trade size itemized in column 1 of Table 6 shall,

(a) have a wall thickness not less than that prescribed in column 2;

(b) subject to subregulation 2, have a tensile strength to withstand internal hydrostatic pressure of at least the number of pounds per square inch prescribed in,

(i) column 3, for furnace butt-welded piping, or

(ii) column 4, for electric welded piping;

(c) have a weight for each linear foot, when threaded and with couplings attached, not less than that prescribed in column 5; and

(d) when threaded, have in each threaded inch not less than the number of threads prescribed in column 6.

(2) Welded alloyed open hearth iron piping of 2 inch or larger, trade size, shall have a tensile strength prescribed in clause *b* of subregulation 1 at the same time as the piping is being subjected to end jarring equivalent to that produced by a two pound hammer.

(3) Nipples shall be made from piping conforming to subregulations 1 and 2.

32.—(1) Steel piping of a trade size, larger than 4 inch, shall be lap welded.

(2) Couplings for steel piping shall be of wrought iron or steel.

(3) Steel piping of a trade size itemized in column 1 of Table 7 shall,

(a) have an actual outside diameter not less than that prescribed in column 2, and a wall thickness not less than that prescribed in column 3;

(b) have a weight for each linear foot, when threaded and with couplings attached, not less than that prescribed in column 4; and

(c) when threaded, have in each threaded inch not less than the number of threads prescribed in column 5.

33.—(1) Wrought iron piping of a trade size larger than 2 inch shall be lap welded.

(2) Butt-welded wrought iron piping shall have a tensile strength to withstand internal hydrostatic pressure of at least 700 p.s.i.

(3) Lap-welded wrought iron piping of a trade size up to and including 12 inch shall have a tensile strength to withstand internal hydrostatic pressure of,

(a) at least 1000 p.s.i. in piping of a trade size of 6 inch or smaller;

(b) at least 800 p.s.i. in piping of 8 inch, trade size; and

(c) at least 600 p.s.i. in piping of a trade size of 10 inch or 12 inch.

(4) Lap-welded wrought iron piping of a trade size greater than 12 inch shall have a tensile strength to withstand internal hydrostatic pressure in pounds per square inch at least equal to the product of,

(a) the wall thickness in inches; and

(b) 24,000,

divided by the outside diameter in inches.

34. Wrought iron piping of a trade size itemized in column 1 of Table 8 shall have,

(a) an actual outside diameter not less than that prescribed in column 2;

(b) a wall thickness not less than that prescribed in column 3;

(c) a weight for each linear foot, when threaded and with couplings attached, not less than that prescribed in column 4; and

(d) when threaded, in each threaded inch not less than the number of threads prescribed in column 5.

35.—(1) Joints of copper tubing shall be soldered, sweated or flared.

(2) A soldered joint for copper tubing shall be,

(a) made with a fitting having shoulders or other means for limiting the insertion; and

(b) properly fluxed and soldered.

(3) All surface to be soldered shall be cleaned until bright.

36.—(1) Every joint and connection in a potable water system shall be watertight under an internal water pressure of at least 150 p.s.i.

(2) Where, during installation or at any time before inspection, piping or a joint or a fitting is so injured that it will leak when subjected to the test prescribed by regulation 46, the injured piping, joint or fitting shall be removed from the system.

37. Where a service pipe and a building sewer are laid in the same trench, the service pipe shall be laid on solid ground.

38.—(1) A service pipe shall be equipped with a main shut-off valve outside the building, and with,

(a) a control shut-off valve integrated with a drip valve inside the foundation wall if the pipe is 1 inch, or larger, trade size; or

(b) an accessible stop-and-waste cock, if the pipe is smaller than 1 inch, trade size.

(2) Every tank connected to a distributing pipe shall be equipped with,

(a) a valve in the supply line; and

(b) a drain-off valve.

39.—(1) All water pipes shall be so graded that the whole system can be completely drained in its entirety or in separate parts.

(2) Where an invert or sag such as may cause a water trap or air trap is unavoidable, the piping shall be equipped with a drain cock or drain plug at the lowest point of the invert or sag.

40.—(1) A stopcock or valve shall be installed where it is at all times readily accessible and will completely drain the whole system it serves.

(2) A stopcock or valve shall be installed at each sanitary unit.

(3) In a public building a stopcock or valve shall be installed,

(a) at the foot of each riser or where there is no riser, at the place where each distributing pipe serving more than three fixtures, connects to the service pipe; and

(b) at each fixture or at each battery of wash basins.

(4) In a multiple unit dwelling, a stopcock or valve shall be installed,

(a) at the foot of each riser supplying more than one storey; and

(b) at the place where each fixture or group of fixtures serving each dwelling unit can be completely isolated.

PREVENTION OF BACK FLOW

41.—(1) In this regulation, "wall" includes,

- (a) a wall of a room or building; and
- (b) the inner surface of a fixture and of its super-structure.

(2) Except as permitted under regulation 43, where the orifice of a faucet, spout or distributing pipe supplies potable water to a fixture, it shall be so located that it is above the flood level rim of the fixture a vertical distance of not less than the minimum air gap prescribed by subregulation 3 or 4.

(3) Where that point of the orifice that is nearest to a wall is located,

- (a) a distance more than three times the diameter of the effective opening of the orifice from one wall; or
- (b) a distance more than four times the diameter of the effective opening of the orifice from each of two intersecting walls,

the minimum air gap shall be not less than a distance equal to the diameter of the effective opening multiplied by two.

(4) Where that point of the orifice that is nearest to a wall is located,

- (a) a distance equal to or less than three times the diameter of the effective opening of the orifice from one wall; or
- (b) a distance equal to or less than four times the diameter of the effective opening of the orifice from each of two intersecting walls,

the minimum air gap shall not be less than a distance equal to the diameter of the effective opening multiplied by three.

42.—(1) Where a tank is connected to a potable water system, the tank shall have a valved drain line connected at the lowest point of the tank.

(2) Where the drain line discharges into a receptacle, the discharge outlet of the drain line shall be located above the flood level rim of the receptacle a distance not less than the air gap prescribed by regulation 41.

43.—(1) In this regulation, "critical level" means the horizontal plane at which a back-flow preventer functions.

(2) Subject to subregulation 4, where it is not practicable to provide an air gap as prescribed by regulation 41, a back-flow preventer may be installed on the distributing pipe in a readily accessible position between the last valve on the distributing pipe and the outlet.

(3) A back-flow preventer shall be installed in a manner so that its critical level is above,

- (a) the flood level rim of the fixture; or
- (b) the highest possible water level in the tank,

a vertical distance not less than,

- (c) four times the diameter of the inlet of the control valve; or
- (d) four inches,

whichever is the greater.

(4) Where a tank that is not a pressure tank is so constructed or so located that it is not practicable to provide above the flood level rim of the tank the minimum air gap prescribed by regulation 41 or to install a back-flow preventer,

(a) the tank shall have an overflow outlet consisting of a channel or pipe below the flood level rim and below all pipes supplying water to the tank;

(b) the vertical distance from the lowest point of any of the supply pipes to the top of the overflow outlet shall be not less than $1\frac{1}{2}$ times the minimum air gap prescribed by regulation 41;

(c) the total effective opening of the overflow outlets shall be enough that, when water is flowing into the tank at maximum rate with all inlets fully opened and all outlets, except the overflow outlets, closed, water will not rise to a point above the top of the highest overflow outlet a distance greater than one-half the minimum air gap prescribed by regulation 41;

(d) the overflow outlet shall have unobstructed discharge to the open air;

(e) the channel or pipe shall have an unobstructed cross-sectional area throughout its length not less than the effective opening of the outlet;

(f) the tank and the overflow outlet shall be protected from damage by freezing; and

(g) the discharge end of the overflow outlet shall be kept free of ice and all obstructions.

44.—(1) Subject to subregulation 2, where a cooling jacket, a condenser or an industrial or special appliance is constructed or located so that,

(a) the prescribed minimum air gap is not provided; or

(b) a back-flow preventer is not installed,

the jacket, condenser or appliance shall not be connected to or supplied directly from a potable water system.

(2) Water from a potable water system may be used in a jacket, condenser or appliance where the potable water,

(a) is first discharged into a tank conforming to regulation 41 or 43, as the case may be; and

(b) is not returned to the potable water system from the jacket, condenser or appliance.

(3) A polyethylene service pipe shall not be installed to supply a hot water tank unless a check valve is installed on the distributing pipe supplying the hot water tank.

(4) Where a check valve is installed on the distributing pipe supplying a hot water tank, the hot water tank shall be equipped with a pressure relief valve designed to open when the water in the tank reaches a predetermined pressure and a temperature relief valve for which the sensing element is within the top six inches of the tank and designed to open when the sensing element reaches a predetermined temperature.

DRINKING FOUNTAINS

45.—(1) A drinking fountain shall,

(a) be of such materials and design as will ensure that all surfaces that potable water may reach before going into the waste pipe are hard, smooth, impervious to water and free from chips and cracks and can be readily cleansed;

- (b) have an orifice that,
 - (i) is located above the flood level of the bowl,
 - (ii) is shielded so that a person cannot put his lips on the orifice, and
 - (iii) directs the water at an angle of approximately 45 degrees upward from the true horizontal; and

(c) be equipped with a readily accessible means for regulating the flow of water.

(2) Where the orifice has an effective opening not greater than .15 square inch, the nozzle shall be located so that the lower edge of the orifice is not less than $\frac{3}{4}$ inch above the flood level rim of the receptacle.

TESTING

46.—(1) A potable water system or a section thereof shall be tested by subjecting the system or section to a water pressure of 150 p.s.i. for not less than one hour after all air is expelled and all outlets are tightly closed.

(2) The inspector shall,

- (a) by visual examination of all unconcealed parts; and
- (b) by gauge tests,

satisfy himself that no water is leaking or seeping out from any pipe, joint or fitting other than at an outlet.

PART 3

SEWAGE SYSTEMS

47. This Part applies to drainage piping and the venting thereof.

PIPING AND FITTINGS

48.—(1) No double Y fitting shall be used on a run of drainage pipe that departs from the true horizontal plane by less than 45°.

(2) No drainage pipe or vent pipe shall be drilled, tapped or welded.

(3) No saddle hub or band shall be used on a drainage pipe or vent pipe.

(4) No caulked cast iron fitting with double hubs shall be used except on a vent pipe.

(5) No branch fitting with a double T shall be used on drainage piping.

(6) No T-Y fitting shall be used to change the direction of horizontal drainage piping.

(7) Every fitting, connection or joint shall be so constructed and installed that it does not reduce the free flow of liquid by more than 10 per cent.

(8) A metal-faced union shall not be used except in a vent pipe.

49.—(1) Where a building drain, building sewer or subdrain is laid on unstable foundation, it shall be of cast iron and supported by a layer of concrete or piers of brick, stone or concrete.

(2) Where a layer of concrete is used, it shall be not less than four inches thick and shall extend for six inches on each side of the pipe.

(3) Where piers are used, they shall,

- (a) each have a cross-sectional area of not less than 110 square inches;
- (b) be at intervals not greater than eight feet; and
- (c) extend down to a solid foundation.

(4) Where a wrought iron rod or steel rod is placed underground to support piping, its smallest dimension shall be not less than $\frac{3}{4}$ inch.

50.—(1) A 90 degree bend in a drainage pipe shall have a curvature with a radius of not less than the diameter of the pipe.

(2) A cross fitting or a single or double T fitting shall not be used to connect a branch in drainage piping.

(3) A T-Y fitting shall not be used to connect a branch to a horizontal section of drainage piping that departs from the true horizontal plane by less than 45°.

(4) A double T-Y fitting used to connect a waste pipe to a vertical section of a stack, shall have a diameter of not less than three inches and openings of $1\frac{1}{4}$ inches, $1\frac{1}{2}$ inches or two inches.

51.—(1) Where a dead end is installed it shall be graded so that all moisture accumulating in it drains back into the system.

(2) Every unconnected opening in drainage piping and unconnected opening in vent piping, other than an opening to open air, shall be closed by airtight metal capping.

52.—(1) A galvanized vent pipe or drainage pipe shall not be laid underground.

(2) A pipe laid under a building and to a point three feet beyond the exterior wall of the building shall be of,

- (a) asbestos cement;
- (b) bituminized fibre;
- (c) cast iron;
- (d) concrete;
- (e) non-ferrous metal; or
- (f) vitrified clay.

(3) Where a pipe of a material specified in clause a, b, d or f of subregulation 2 is so located that the distance between the top of the pipe and the bottom of the basement floor over it is less than twenty-four inches, the pipe shall be covered to a depth of not less than three inches by concrete consisting of,

- (a) one part of Portland cement;
- (b) two parts of sand; and
- (c) four parts of gravel or equivalent aggregate.

(4) The basement floor may constitute the covering required by subregulation 3 if the basement floor is composed of the material and is of the thickness required by subregulation 3.

53.—(1) Subject to subregulations 2 and 3, drainage piping within a building shall be of,

- (a) brass;
- (b) cast iron;
- (c) copper;
- (d) galvanized open hearth iron;

- (e) galvanized steel;
- (f) galvanized wrought iron; or
- (g) lead.

(2) Every waste pipe and trap connected thereto that are used to carry sewage that is more corrosive than the sewage in the horizontal branch, soil stack, waste stack or building drain into which it discharges shall be composed of a material that will withstand the corrosive effect of the sewage.

(3) Piping for a building sewer shall be not less than 4 inch, trade size and shall be of,

- (a) asbestos cement;
- (b) bituminized fibre;
- (c) cast iron;
- (d) concrete;
- (e) non-ferrous metal; or
- (f) vitrified clay.

54.—(1) Asbestos cement sewer piping of a trade size itemized in column 1 of Table 10 shall have,

- (a) a wall thickness not less than that prescribed in column 2;
- (b) flexural strength to withstand a total load not less than that prescribed in column 3 when one-half of that load is applied simultaneously at each of two points in a span not longer than that prescribed in column 4 and the points are equidistant from each other and from the ends of the span; and
- (c) supporting strength to withstand external crushing pressure not less than that prescribed in column 5, where the pressure is applied by the three-bearing method to each linear foot of the piping.

(2) The tensile strength of asbestos cement sewer piping of 8 inch or larger, trade size, shall also be sufficient to withstand internal hydrostatic pressure of not less than 50 p.s.i.

55. All fittings for asbestos cement pipe shall be made of either cast iron or asbestos cement and the joints between the fittings and the asbestos cement pipe shall be the rubber ring or compression type.

56.—(1) The bituminized fibre in drainage piping shall consist of a bituminous compound reinforced with an interwoven fibrous structure and be so made that the piping,

- (a) does not disintegrate or separate into laminations, after successive immersions in solutions of .1 normality of,
 - (i) sulphuric acid,
 - (ii) sodium carbonate, and
 - (iii) sodium sulphate,
 for a period of thirty days in each solution;
- (b) does not disintegrate or separate into laminations when immersed in boiling water for one hour;
- (c) does not absorb water sufficiently to increase the weight more than 2 per cent when immersed for forty-eight hours at a temperature of 75° F.; and

(d) when heated for eight hours in an oven at 180° F., does not lose more than 10 per cent of either its bitumen or its roundness.

(2) The piping shall have a taper of 2 per cent at each end.

(3) Bituminized fibre drainage piping of a trade size itemized in column 1 of Table 11 shall have,

- (a) a wall thickness not less than that prescribed in column 2; and
- (b) supporting strength to withstand a crushing load for each linear foot not less than that prescribed in column 3, when the piping is subjected to that load applied between two flat plates having a head-speed of $\frac{1}{2}$ inch a minute.

(4) Bituminized fibre couplings of a trade size itemized in column 1 of Table 11 shall,

- (a) have a wall thickness not less than that prescribed in column 2;
- (b) be of a length not less than that prescribed in column 4;
- (c) have supporting strength to withstand a crushing load for each foot not less than that prescribed in column 5 when the coupling is subjected to that load applied between two flat plates having a head-speed of $\frac{1}{2}$ inch a minute.

(5) A bend of bituminized fibre piping shall,

- (a) have a wall thickness at its thinnest point not less than that prescribed in subregulation 3 for piping of the same trade size; and
- (b) be so curved that a ball, having a diameter $\frac{1}{4}$ inch less than the trade size of the bend, will pass freely through it.

(6) All fittings used to join bituminized fibre piping shall have a taper of 2 per cent.

57.—(1) Subject to subregulation 2, each five-foot length of cast iron drainage pipe or vent pipe with a single hub of a trade size itemized in column 1 of Table 12 shall have not less than the weight prescribed in column 2.

(2) Each five-foot length of extra heavy cast iron drainage pipe or vent pipe with a single hub of a trade size itemized in column 1 of Table 12 shall have not less than the weight prescribed in column 3.

(3) Where the pipe has a double hub, the weight shall be that prescribed by subregulation 1 or 2 plus the weight of the additional hub.

(4) Cast iron drainage pipe or vent pipe shall be extra heavy where cast iron drainage pipe or vent pipe of the weight determined under subregulation 1 is not likely to withstand service conditions to which it may be subjected or is likely to become a hazard to health.

(5) Cast iron drainage pipe and vent pipe shall not contain more than,

- (a) .11 per cent of sulphur; or
- (b) .9 per cent of phosphorus,

and shall be of material so composed that a twenty-inch test rod of the same composition, with a diameter of 1.2 inches, does not break and is not deflected at the centre more than .2 inch when the rod is supported on two rests eighteen inches apart and subjected to a load of 1750 pounds applied midway between the rests.

(6) Cast iron drainage pipe and vent pipe shall have,

- (a) tensile strength to withstand,
 - (i) a hydrostatic internal pressure of not less than 50 p.s.i., or
 - (ii) a pneumatic internal pressure of not less than 50 p.s.i. applied when the pipe or fitting is immersed in water;
- (b) hubs and spigots that are truly circular;
- (c) a corrosion retarding coating inside and outside; and
- (d) hubs with a minimum depth of $2\frac{1}{2}$ inches.

58. Threaded cast iron drainage pipe or vent pipe of a trade size itemized in column 1 of Table 13 shall,

- (a) conform to regulation 57;
- (b) have a wall thickness of not less than that prescribed in column 2;
- (c) weigh for each linear foot not less than the weight prescribed in column 3; and
- (d) have thread length not less than that prescribed in column 4.

59. Where a metal pipe is cement lined, the lining shall,

- (a) be of Portland cement and sand in equal parts or other materials producing a mortar having less water solubility and shrinkage than Portland cement and sand in equal parts;
- (b) have a thickness at its thinnest part not less than,
 - (i) $\frac{1}{8}$ inch, in piping of a trade size up to and including 12 inch,
 - (ii) $\frac{3}{16}$ inch, in piping of a trade size 14 inch to 24 inch, both inclusive, or
 - (iii) $\frac{1}{4}$ inch, in piping of a trade size 30 inch to 48 inch, both inclusive; and
- (c) have the surface toward the centre of the pipe hard, smooth, cylindrical and free from corrugations and other irregularities that may interfere with the free flow of liquid through the pipe.

60.—(1) The concrete of sewer piping shall be of Portland cement and mineral aggregate that is siliceous or quartzose.

(2) The piping shall,

- (a) not be so porous that, when dry piping is immersed in boiling water for five hours, it absorbs water weighing more than 8 per cent of the dry weight of the piping; and
- (b) have tensile strength to withstand internal hydrostatic pressure of not less than 15 p.s.i.

(3) The barrel of concrete sewer piping of a trade size itemized in column 1 of Table 14 shall have,

- (a) a wall thickness not less than that prescribed in column 2;
- (b) an internal diameter not less than that prescribed in column 3; and

(c) supporting strength to withstand external pressure of not less than the number of pounds for each linear foot prescribed in column 4, when applied by the three bearing method.

(4) The socket of concrete sewer piping of a trade size itemized in column 1 of Table 14 shall have,

- (a) a wall thickness at a point $\frac{1}{4}$ inch from its outer end not less than $\frac{3}{4}$ of the wall thickness of the barrel prescribed by clause a of sub-regulation 3;
- (b) an internal diameter at its mouth not less than that prescribed in column 5; and
- (c) a depth not less than that prescribed in column 6.

61.—(1) The clay in vitrified clay piping shall contain not less than 75 per cent of aluminum silicate.

(2) The piping shall,

- (a) not be so porous that, when dry piping is immersed in boiling water for five hours, it absorbs water weighing more than 8 per cent of the dry weight of the piping;
- (b) not contain more than .25 per cent of matter soluble in sulphuric acid of 1 normality;
- (c) not contain more than .25 per cent of matter soluble in sodium sulphate, or magnesium sulphate, having a specific gravity of not less than 1.15 and not more than 1.3; and
- (d) have tensile strength to withstand internal hydrostatic pressure of not less than 15 p.s.i.

(3) The barrel of vitrified clay piping of a trade size itemized in column 1 of Table 15 shall have,

- (a) a wall thickness not less than that prescribed in column 2;
- (b) an internal diameter not less than that prescribed in column 3; and
- (c) supporting strength to withstand external pressure of not less than the number of pounds for each linear foot prescribed in column 4, when applied by the three bearing method.

(4) The socket of vitrified clay piping of a trade size itemized in column 1 of Table 15 shall have,

- (a) a wall thickness not less than $\frac{3}{4}$ of the wall thickness of the barrel prescribed by clause a of subregulation 3;
- (b) an internal diameter at $\frac{1}{2}$ inch above the base of the socket not less than that prescribed in column 5; and
- (c) a depth not less than that prescribed in column 6.

62. Where a different size of pipe or fitting is to be inserted in a drainage pipe or vent pipe, a proper increaser or reducer having a tapered pitch of not less than $22\frac{1}{2}$ degrees with the central axis of the two members shall be used.

63. No joint, enlarged connection, fitting, chamber or recess, having in the direction of flow on the outlet or waste side of a trap a ledge or shoulder that is likely to create a reduction of the pipe area or otherwise interfere with the flow of the liquids in the piping shall be installed in drainage piping.

64.—(1) A wiped joint in a lead pipe or between lead pipe and other metal shall,

- (a) be made of solder with an exposed surface not less than $\frac{3}{4}$ inch on each side of the joint; and
- (b) be not less than $\frac{3}{8}$ inch thick at its thickest part.

(2) A wiped flanged joint shall be reinforced with a lead flange projecting all around the pipe not less than $\frac{3}{4}$ inch.

65. Where a lead joint is burned or welded, the lead shall be lapped and fused to form a uniform weld at least $1\frac{1}{2}$ times as thick as the lead piping that is being joined.

66. The connections of,

- (a) the inlet end of a trap to the waste pipe from a fixture; and
- (b) the outlet end of a trap to a waste pipe,

shall be soldered, screwed or caulked.

67. Where a slip joint and a union are used in a trap or in the waste pipe between a trap and a fixture, they shall be so installed as to be readily accessible.

68.—(1) Every joint in a cast iron pipe shall be,

- (a) lead caulked;
- (b) screwed;
- (c) made with hot-poured sulphur compound; or
- (d) made of asbestos cement containing not less than 39 per cent of asbestos, 54 per cent of Portland cement, 4.3 per cent of hyalime and 1.4 per cent of sodium carbonate so that the joint is watertight and capable of withstanding temperatures of up to 300° F.,

but where the pipe is underground, the joint may be of the compression type.

(2) Where a pipe of wrought iron, steel, brass or copper is joined to a cast iron pipe, the joint shall be lead caulked or screwed.

(3) Where a lead pipe is joined to a cast iron pipe, wrought iron pipe or steel pipe, the joint shall be wiped to a caulking ferrule or a soldering nipple.

(4) Soldering nipples shall not be used on drainage piping.

69. A joint in concrete sewer pipe shall be hot-poured, cemented or of the compression type.

70.—(1) A caulked joint in a cast iron drainage pipe shall be,

- (a) made with the spigot end below the hub end in the direction of flow;
- (b) firmly packed with oakum or hemp;
- (c) secured with caulking lead not less than one inch deep; and
- (d) tightly caulked.

(2) No paint, varnish, putty or other coating shall be applied on the jointing until the joint has been inspected under these regulations.

71.—(1) The compound for a hot-poured joint shall be applied in a viscous state.

(2) Sulphur compound used in a hot-poured joint shall,

- (a) be of such composition as not to re-soften at a temperature below 200° F.;
- (b) have tensile strength at least sufficient that a bar one inch square in cross-section will not break when subjected to a pull of 600 pounds after the bar has been immersed for ten cycles specified in subregulation 3.

(3) Each immersion cycle shall consist of,

- (a) immersion for five minutes in water at 195 to 200° F.; and
- (b) immersion for five minutes in water at 32° F.

(4) Asphaltic compound shall be of such composition as not to re-soften at a temperature below 160° F.

(5) An asphaltic hot-poured joint shall be,

- (a) rammed with twisted oakum;
- (b) caulked closely; and
- (c) at least one inch deep all around the pipe.

72.—(1) A cement joint for vitrified clay or concrete pipe larger than 6 inch, trade size, shall be made by ramming into the annular space between the pipes a closely-twisted gasket of hemp or oakum and filling with wet mortar consisting of equal parts of Portland cement and clean, sharp mortar sand.

(2) Before use, the mortar shall be tempered for not less than twenty minutes but not more than one hour.

(3) A cement joint for piping of 6 inch or smaller, trade size, shall be made by grouting the annular space between the pipes with pure Portland cement.

(4) Every joint under subregulation 1 or 3, shall be carefully banked, and the inside of the piping shall be thoroughly cleaned and swabbed before the mortar or grout dries.

73. Joints in vitrified clay piping or between a vitrified clay pipe and a metal pipe shall be hot-poured, cemented or of the compression type.

FIXTURES

74.—(1) A fixture itemized in column 1 of Table 16 shall be deemed to produce an hydraulic load equal to the number of fixture units set out in column 2.

(2) A fixture, other than one referred to in subregulation 1, having a waste pipe or trap of a trade size itemized in column 1 of Table 17 shall be deemed to produce an hydraulic load equal to the number of fixture units set out in column 2.

(3) A pump, ejector or other device or equipment discharging water, liquids or water-borne wastes in a continuous or intermittent flow shall be deemed to produce an hydraulic load equal to 2.4 fixture units per gallon per minute of flow.

75. A fixture, other than,

- (a) a water-closet;
- (b) a full flush urinal;
- (c) a bed pan washer; or
- (d) a fixture receiving wastes like those from fixtures specified in clauses a, b and c,

shall be provided with a strong metallic or porcelain strainer having an outlet area not less than that of the interior of the trap or waste pipe of the fixture.

76.—(1) A floor drain in any room where,

- (a) a fixture other than a laundry-tub is installed; or
- (b) food or beverage not in hermetically sealed containers is stored, prepared or served,

shall,

- (c) be made of metal;
- (d) have a strainer inlet;
- (e) be properly trapped and vented; and
- (f) be deemed to be a fixture.

(2) Where a floor drain, other than one referred to in subregulation 1, discharges directly or indirectly into drainage piping, it shall be properly trapped and so that under normal conditions of use a supply of water flows through the trap sufficient to keep its water seal from evaporating.

(3) No floor drain conveying sewage shall discharge into a municipal storm drain.

(4) An unvented floor drain shall be connected to an underground building drain.

77.—(1) Floor flanges for a fixture having an integral trap shall be,

- (a) of brass;
- (b) not less than 3/16 inch thick; and
- (c) adapted for soldering to a lead or copper drainage pipe.

(2) Bolts, washers and nuts used in connection with the flanges shall be of brass.

78. Where lead pipe is used to connect a water-closet to a drainage pipe, the water-closet shall have a support of sufficient strength to sustain a live load of 250 pounds.

TRAPS

79.—(1) In this regulation,

- (a) "mechanically controlled seal" means any device in a trap whereby the water seal of the trap is replenished by the action of moving parts;
- (b) "moving parts" does not include valves and other devices controlling the flushing of the fixture served by the trap.

(2) No trap having a mechanically controlled seal shall be installed.

80.—(1) In this regulation, "double trapping" means a mode of construction of drainage piping by which the discharge from a fixture passes through two traps before reaching the building trap.

(2) Drainage piping shall be so constructed that there is no double trapping.

81. No vent shall be made in the crown of a trap.

82. A trap shall,

- (a) have a trap seal not less than 1½ inches; and
- (b) be so set that its water seal is kept constant.

83.—(1) A trap and the pipe connecting the trap to a fixture itemized in column 1 of Table 18 shall be of a trade size not smaller than that prescribed in column 2.

(2) The inlet end of a trap shall not be smaller than the waste pipe to which it is connected.

(3) The outlet end of a trap shall not be connected to a waste pipe smaller than the trap it serves.

(4) The waste pipe for a fixture having an integral trap shall be not smaller than the fixture outlet.

84. The trap seal of a vitrified clay trap shall be not less than,

- (a) two inches for a trap of 4 inch, trade size;
- (b) 2½ inches for a trap of a trade size 6 inch or 8 inch.

85.—(1) Subject to subregulations 3 and 4, each fixture shall be separately trapped by a water sealed trap placed as close as possible to the fixture.

(2) The vertical leg of the waste pipe between a fixture, other than a fixture that is circuit or loop vented, and its trap shall not be more than three feet.

(3) Where sinks on the same floor level, other than sinks through which food stuffs, excreta or other organic substances are discharged into drainage piping, are arranged in a group of two or more, their waste pipes may connect to the same trap.

(4) The waste pipes of,

- (a) a sink having two or three compartments with outlets at the same level;
- (b) two adjoining laundry trays; or
- (c) two or three adjoining sinks with outlets at the same level,

may connect to the same trap if the developed length of the waste pipe between the centre of the water level of the trap and the point where the waste pipe leaves the fixture that is farthest from the trap is not more than thirty-six inches.

86. A grease interceptor may serve as the trap for a two-compartment or three-compartment sink or a dish-washing machine if the developed length between the inlet of the grease interceptor and the fixture outlet farthest from it is not more than thirty-six inches.

87. The waste pipe from any fixture, other than a water-closet, shall not discharge into the trap, lead bend or lead stub of a water-closet.

88.—(1) Where a building trap is installed,

- (a) subject to subregulation 2, the building trap shall be located in a place that is readily accessible for the purpose of cleaning and repair and as close as practicable to the wall through which the drain leaves the building; and
- (b) a vent pipe not smaller than 4 inch, trade size, shall be connected to the drain on the inlet side of the trap or within four feet of the inlet side of the trap.

(2) Where a building trap is installed for a building drain in an apartment building or a building that is a factory as defined in *The Factory, Shop and Office Building Act*, the building trap may be installed outside the wall of the building if the building trap is accessible by means of a manhole lined with concrete or concrete blocks and securely covered.

(3) A building trap shall have an accessible clean-out.

89.—(1) Subject to subregulation 2, every fixture trap shall have at its lowest point a brass screw of a diameter not less than one-half of that of the trap and be so installed that it may be removed for cleaning purposes.

(2) Subregulation 1 does not apply to,

- (a) a fixture trap combined with a fixture in which the trap dip is accessible for cleaning purposes; or
- (b) a trap of which a portion is removable for cleaning purposes.

90.—(1) Where,

- (a) a drainage pipe;
- (b) a service sink having a floor outlet; or
- (c) a pedestal urinal,

is connected to an earthenware trap, the connection shall be,

- (d) made by means of a floor flange and in the manner prescribed in regulation 66; and
- (e) sealed with a gasket of natural or synthetic rubber.

(2) The floor flange shall be set on a base of sufficient strength to support the fixture and the liquid in it.

(3) A stall urinal shall be connected to the waste pipe by a universal type strainer spud.

INTERCEPTORS

91.—(1) No interceptor shall be installed if a pocket of air is likely to form in it and retard its action.

(2) Every interceptor shall be vented and so located as to be readily accessible for cleaning.

(3) An interceptor installed to prevent motor oil or lubricating grease from passing into drainage piping shall be provided with two vents,

- (a) that are connected to the interceptor at opposite ends of the interceptor;
- (b) that are at least three inches in diameter; and
- (c) that discharges into the open air at a point not less than seven feet above ground level.

92. A grease interceptor shall be,

- (a) of sufficient capacity to intercept all grease likely to flow into it under normal conditions; and
- (b) located as near as practicable to the fixtures from which it receives discharges.

93. An interceptor for sand or other sediments shall have a trap seal of not less than six inches.

WASTE PIPES

94.—(1) Subject to subregulation 2, lead shall be used to make the connection between a water-closet and its waste pipe.

(2) Where the waste pipe is of copper, copper may be used to make the connection.

95.—(1) Not more than two water-closets shall discharge into a 3 inch horizontal branch.

(2) Not more than six water-closets shall discharge into a 3 inch soil stack.

96. A horizontal branch consisting of piping of a trade size itemized in column 1 of Table 19 shall not receive discharge from fixtures producing an aggregate hydraulic load greater than the number of fixture units prescribed in column 2.

STACKS

97.—(1) A waste stack or soil stack,

- (a) not exceeding three storeys in height; and
- (b) of a trade size itemized in column 1 of Table 20,

shall not receive discharge from fixtures producing an aggregate hydraulic load greater than the number of fixture units prescribed in column 2.

(2) A waste stack or soil stack,

- (a) more than three storeys in height; and
- (b) of a trade size itemized in column 1 of Table 21,

shall not receive discharge from fixtures producing an aggregate hydraulic load greater than the number of fixture units prescribed in column 2.

(3) The aggregate hydraulic load discharged at any storey of a stack referred to in subregulation 2 shall not be greater than the number of fixture units prescribed in column 3 of Table 21.

98.—(1) In this regulation, "footing" means a horizontal length of cast iron piping located underground and connecting the bottom or end of a waste pipe, soil stack or waste stack to a building drain.

(2) Where a waste pipe, soil stack or waste stack terminates underground by connecting to a non-metallic pipe, it shall be provided with a footing,

- (a) not less than thirty inches long; and
- (b) of a diameter not less than,
 - (i) the size of the waste pipe, soil stack or waste stack, or
 - (ii) three inches,
 whichever is the larger.

(3) Each stack of a diameter of three inches or more to which more than two water-closets are connected shall be provided with a footing of a diameter of four inches or large.

VENTING

99. Regulations 100 to 129 do not apply to,

- (a) area drains;
- (b) backwater valves;
- (c) leader traps; or
- (d) subsoil catch basin traps.

100. Every system of drainage piping shall be protected by a vent system installed in the manner prescribed in this regulation and regulations 101 to 129.

101.—(1) Every vent pipe not terminating in open air shall be connected to a vent stack or stack vent.

(2) Every building drain shall be,

(a) provided with a vent stack or a soil stack of a diameter of not less than three inches that extends vertically through the roof of the building; or

(b) connected to a main vent that is erected in accordance with subregulation 3 of regulation 123 and is of a diameter of not less than three inches.

102.—(1) Subject to subregulation 4, a fixture trap shall have a protecting vent pipe connected to the waste pipe within five feet of the vertical trap inlet.

(2) A grease interceptor shall have a protecting vent pipe connected to the waste pipe within five feet of the grease interceptor outlet.

(3) The section of waste pipe to which the vent pipe is connected shall not contain more than one 90-degree bend or two 45-degree bends.

(4) A protecting vent pipe that is not a stack vent is not required under subregulation 1,

(a) where the highest horizontal branch connected to a soil stack receives the discharge from only one fixture, and that fixture is not more than five feet from the soil stack; or

(b) where water-closets discharge into a soil stack at a point downstream from fixtures,

(i) that discharge an hydraulic load totalling not more than four fixture units into a soil stack with a diameter of not less than three inches, and

(ii) that are all on one floor level; or

(c) where the fixtures,

(i) have waste outlets of a diameter of two inches or less and are located on the same floor level,

(ii) are connected to a soil stack or waste stack of a diameter of three inches or greater, and

(iii) discharge an hydraulic load totalling not more than four fixture units,

and where no other fixtures discharge into the soil stack or waste stack at a higher level.

(5) Waste pipes shall be installed and back vented at the same time.

103.—(1) Subject to subregulation 2, a fixture trap shall have a protecting vent so located that,

(a) the total fall in the waste pipe from the trap weir to the vent is not greater than the diameter of the waste pipe; and

(b) the developed length of the waste pipe from the trap weir to the vent is not less than twice the diameter of the waste pipe.

(2) Subregulation 1 does not apply to,

(a) water-closets;

(b) pedestal urinals;

(c) trap standards;

(d) fixtures that depend on siphonic action for the proper functioning of the fixture; and

(e) connections that do not exceed one Y and one eighth bend between the trap outlet and the vent.

104. A vent pipe shall be of brass, cast iron, copper, galvanized open hearth iron, galvanized steel, galvanized wrought iron or lead.

105.—(1) The vent pipe venting a fixture trap of a size itemized in column 1 of Table 22 shall be of a trade size not smaller than that prescribed in column 2.

(2) No vent pipe smaller than $1\frac{1}{4}$ inch, trade size, shall be installed.

106.—(1) A branch vent, vent stack or stack vent of $1\frac{1}{4}$ inch trade size shall have connected to it not more than four vent pipes of $1\frac{1}{4}$ inch, trade size.

(2) A branch vent, vent stack or stack vent of $1\frac{1}{2}$ inch, trade size shall have connected to it not more than,

(a) twelve vent pipes of $1\frac{1}{4}$ inch, trade size;

(b) six vent pipes of $1\frac{1}{2}$ inch trade size, other than water-closet vent pipes;

(c) two water-closet vent pipes of $1\frac{1}{2}$ inch, trade size; or

(d) one water-closet vent pipe of $1\frac{1}{2}$ inch, trade size, and four other vent pipes of $1\frac{1}{4}$ inch, trade size.

(3) A loop vent, circuit vent, relief vent, branch vent, vent stack or stack vent of 2 inch trade size, shall have connected to it not more than,

(a) fifty vent pipes of $1\frac{1}{4}$ inch, trade size;

(b) twenty-five vent pipes of $1\frac{1}{2}$ inch, trade size, other than water-closet vent pipes; or

(c) six water-closet vent pipes of $1\frac{1}{2}$ inch, trade size, and

(i) twelve other vent pipes of $1\frac{1}{2}$ inch, trade size, or

(ii) twenty-five vent pipes of $1\frac{1}{4}$ inch, trade size.

(4) A branch vent, vent stack or stack vent of $2\frac{1}{2}$ inch, trade size, shall have connected to it not more than ten water-closet vent pipes of $1\frac{1}{2}$ inch, trade size, and

(a) twelve other vent pipes of $1\frac{1}{2}$ inch, trade size; or

(b) twenty-five vent pipes of $1\frac{1}{4}$ inch, trade size.

(5) The waste pipe from a fixture and having a diameter of not more than $1\frac{1}{4}$ inches may be connected to a circuit vent, loop vent, relief vent or yoke vent or to the point of connection between the main vent and the building drain, soil stack or waste stack if the fixture is on the same floor level as any other fixtures being vented by the same vent and if the fixture complies with regulations 101 to 103.

(6) For the purpose of this regulation, in calculating vent sizes each fixture trap represents one vent.

107. Where a single family dwelling has in the basement a vent pipe not smaller than $1\frac{1}{4}$ inch, trade size, that pipe may be used to vent one water-closet and one wash basin both located in the basement if the vent connecting the water-closet or the wash basin to the vent pipe is not smaller than $1\frac{1}{2}$ inch, trade size.

108. A vent pipe or vent stack of a trade size itemized in column 1 of Table 23 shall not have a length greater than that prescribed in column 2.

109.—(1) For the purposes of regulation 108, the length of branch vents, vent stacks and stack vents shall be computed in the manner prescribed in subregulations 2, 3 and 4.

(2) The length of a branch vent is the developed length between,

- (a) its connection with the vent stack or stack vent; and
- (b) the waste pipe served by the branch vent.

(3) The length of a vent stack is the developed length between,

- (a) the lowest point at which the vent stack connects to the soil stack, waste stack or building drain; and
- (b) the open air terminal of the vent stack.

(4) The length of a stack vent is the developed length between,

- (a) the highest horizontal branch or fixture branch connected to the stack; and
- (b) the open air terminal of the stack vent.

110. Where fixtures are circuit vented or loop vented, no vertical leg of a waste pipe of any of the fixtures shall be more than three feet long.

111. Where a vent pipe connects to a horizontal waste pipe,

- (a) the connection shall be made above the centre line of the waste pipe; and
- (b) the vent pipe shall not be connected to another vent pipe except at a point above the flood level rim of the fixture the other vent pipe is venting.

112. A connection between a vent pipe and a vent stack shall be above the flood level rim of the highest fixture served by the vent pipe.

113. A vent pipe shall be so constructed and graded that liquid accumulating in it drains by gravity through the drainage piping.

114.—(1) A back vent installed vertically may be used as a vent pipe for two fixtures when both waste pipes from the fixtures connect on the same level to a vertical waste pipe.

(2) The total fall and developed length prescribed in clauses *a* and *b* of subregulation 1 of regulation 103 apply to each waste pipe installed as permitted by subregulation 1.

(3) Where a dual vent is installed in conformance with subregulations 1 and 2, no additional vent is required for the traps of the two fixtures served by the two waste pipes.

115.—(1) Subject to subregulations 2 and 3 the waste pipe of not more than two fixtures may serve as the wet vent pipe for one other fixture that uses a half S or a P trap if,

- (a) all such fixtures are on the same floor level;
- (b) part of the waste pipe is a continuous waste and vent;
- (c) the connections of both fixtures to the waste pipe serving as a wet vent pipe are made at the same level;
- (d) the waste pipe serving as a wet vent pipe is of a trade size not less than,
 - (i) $1\frac{1}{4}$ inches where the fixture being wet vented is connected to a horizontal waste pipe of a trade size of $1\frac{1}{4}$ inches or $1\frac{1}{2}$ inches,

(ii) $1\frac{1}{2}$ inches where the fixture being wet vented is connected to a horizontal waste pipe of a trade size of 2 inches, or

(iii) 2 inches where the fixture being wet vented is connected to a horizontal waste pipe of a trade size of 3, 4 or 6 inches;

(e) the length of the waste pipe of the fixture being wet vented between the trap inlet and the connection to a waste pipe,

(i) that becomes the wet vent, and

(ii) that has a grade of not more than $\frac{1}{4}$ inch to the foot,

is a developed length of not less than eighteen inches and the waste pipe of the fixture being wet vented complies with regulations 102 and 103; and

(f) the waste pipe serving as a wet vent pipe has a developed length of not more than twenty feet.

(2) Clauses *d* and *e* of subregulation 1 do not apply to a water-closet, trap standard slop sink, bed pan washer or a pedestal urinal.

(3) Where a water-closet, trap standard slop sink, bed pan washer or pedestal urinal is wet vented, the waste pipe serving as a wet vent shall be of a trade size of at least 2 inches.

116.—(1) A waste pipe to which sanitary units, floor drains, trap standards slop sinks or traps serving shower heads are connected in series on the same floor level may be vented by a circuit or loop vent if the circuit or loop vent is connected to the waste pipe above the centre line of the waste pipe.

(2) Where a waste pipe connected to a building drain, waste stack or soil stack is circuit vented and a fixture discharges above the connection the waste pipe shall be provided with a relief vent.

(3) Where not more than six sanitary units, floor drains, trap standards slop sinks or traps serving shower heads are connected in series, the circuit or loop vent shall be connected in front of the last sanitary unit, floor drain, trap standard slop sink or trap serving a shower head in the series.

(4) Where more than six sanitary units, floor drains, trap standards slop sinks or traps serving shower heads are connected in series, a vent shall be provided for each multiple of six sanitary units, floor drains, trap standards slop sinks or traps serving shower heads and a vent shall be provided for any such fixtures in addition to six or any multiple of six, as the case may be and the vent shall be in addition to the loop or circuit vent referred to in subregulation 1.

(5) A loop or circuit vent or vent required by this regulation shall be of a trade size of at least 2 inches and may have other vents connected to it as provided in subregulation 3 of regulation 106.

(6) No waste shall be discharged into a loop or circuit vented horizontal branch pipe from a higher floor level.

117. Where a loop or circuit vent is connected to a waste pipe and a bend is connected to a Y in the waste pipe, the bend shall be not more than thirty-six inches in length.

118.—(1) Where two or more circuit vented horizontal branches serving a total of not more than six sanitary units are connected to the same horizontal branch, the horizontal branches may have a combined relief vent.

(2) The vent pipes shall be connected to the relief vent above the flood level rim of the highest fixtures discharging into the horizontal branches.

119.—(1) Where a soil stack or waste stack has an offset that is less than ten feet in length and is at an angle of more than 45 degrees from the true vertical plane and when there are fixtures connected to the stack on two or more storeys above the offset, no waste pipe shall be connected to the offset.

(2) Where a waste pipe is connected to a soil stack or waste stack that has an offset referred to in subregulation 1, the connection shall be made below the lower bend of the offset.

120.—(1) Where a soil stack or a waste stack extends through ten or more storeys of a building, the stack shall be yoke vented for each section of five storeys or part thereof counted from the top down.

(2) In each section,

(a) the lower end of the yoke vent shall connect to the soil stack or waste stack through a Y below the horizontal branch from the lowest floor of the section; and

(b) the upper end of the yoke vent shall connect to the vent stack not less than three feet above the level of the lowest floor of the section; and

(c) the yoke vent shall be not less than two inches in diameter.

121.—(1) Subject to subregulations 2 and 3, every sewage tank shall be vented by a vent pipe not smaller than one trade size smaller than the inlet pipe of the sewage tank.

(2) Where the size of vent pipe as computed under subregulation 1 is greater than 3 inches, trade size, vent pipe of 3 inch trade size may be used.

(3) Where the inlet pipe of the sewage tank is 3 inches, trade size, the vent pipe shall be not less than 2 inches, trade size.

122.—(1) A vent pipe of a trade size itemized in column 1 of Table 24 shall be deemed to have the cross-sectional area prescribed in column 2.

(2) Where more than two vent pipes are connected to a trunk, the trunk shall be of a size having a cross-sectional area not less than 40 per cent of the sum of the cross-sectional areas of all the vent pipes connected to it.

(3) Where two vent pipes of 3 inch or larger, trade size, are connected to a trunk, the trunk shall be at least one trade size listed in column 1 of Table 24 larger than the larger of the two pipes connected to it.

123.—(1) Where back vents, relief vents, circuit vents or loop vents are required in two or more storeys of a waste stack or soil stack, a vent stack shall be installed in conjunction with that stack.

(2) The vent stack shall,

(a) have its lower end connected to,

(i) the waste stack or soil stack at, or below the lowest horizontal waste pipe, or

(ii) the building drain; and

(b) extend to the open air independently, or through a header.

(3) Where subregulation 1 applies as a result of alteration of the vent system in an existing building, the vent stack may be erected vertically outside the building and changes in direction of the vent stack shall be made by eighth-bends and every part shall be vertical.

124.—(1) A waste stack or soil stack shall be vented at a point above the flood level rim of the highest fixture discharging directly or indirectly into it.

(2) The venting shall be effected,

(a) by extension of the stack with pipe of a trade size of not less than 3 inches vertically through the roof of the building; or

(b) by connecting the stack to a vent stack by means of a vent pipe that slopes upwards from the waste stack or soil stack to the vent stack.

125.—(1) Stack vents and vent stacks may be connected together at a point above the flood level rim of the highest fixture served by either of them and thence extended in a single header to the open air.

(2) The header shall be of a developed length computed in accordance with subregulation 3 and with regulation 106.

(3) The developed length of a header is that of the longest of the vent pipes so connected together and including the header and is calculated by commencing at the base of the stack most distant from the header and continuing through that stack to the header and thence to its terminal in open air.

126. The discharge end of a stack vent, vent stack or vent pipe terminating in open air shall be located a distance not less than three feet above or twelve feet away from any air inlet, window or door of the building or of any adjacent building.

127.—(1) The part of a waste stack, soil stack or vent stack that extends through and above a roof or wall shall be of a trade size not smaller than 3 inch.

(2) Where an increaser is installed, the bottom of the larger pipe shall be below the underside of the roof.

128.—(1) The discharge end of a vent pipe extending through a roof shall extend through the roof at least,

(a) six inches when the roof is not accessible for use by persons;

(b) six feet above a roof that is accessible for use by persons.

(2) Where the discharge end is so located that it may become clogged by any cause, it shall be fitted with a shield so constructed as to prevent clogging.

BACKWATER VALVES

129.—(1) No backwater valve shall be installed unless,

(a) all its bearing parts and balls are of corrosion-resisting material; and

(b) it is of such construction as to ensure a positive mechanical seal.

(2) A backwater valve shall be so located that it can be readily examined and cleaned.

BUILDING DRAINS AND BUILDING SEWERS

130. No steam or liquid having a temperature higher than 140° F. shall be discharged into a building drain.

131. Every building drain shall be extended to the soil stack farthest from the point where the building drain enters the building and shall be not less than four inches in diameter.

132.—(1) A slope of not less than $\frac{1}{4}$ inch a foot of run shall be provided,

- (a) for a waste pipe; and
- (b) for a horizontal drainage pipe not larger than 3 inch, trade size.

(2) A horizontal drainage pipe larger than 3 inch, trade size, shall have a slope of not less than $\frac{1}{8}$ inch a foot of run.

(3) Where conditions do not permit a building drain or building sewer to have the slope prescribed in subregulation 1 or 2 it may have a lesser slope, but not so that the rate of flow of the liquids is less than two feet a second.

133. The hydraulic load discharged into a building drain or building sewer of a trade size itemized in column 1 of Table 25 shall not be greater than the number of fixture units prescribed in,

- (a) column 2, where the pipe has a slope of $\frac{1}{16}$ inch a foot of run;
- (b) column 3, where the pipe has a slope of $\frac{1}{8}$ inch a foot of run;
- (c) column 4, where the pipe has a slope of $\frac{1}{4}$ inch a foot of run; or
- (d) column 5, where the pipe has a slope of $\frac{1}{2}$ inch a foot of run.

CLEAN-OUTS

134.—(1) Every clean-out cover shall be secured by a gasket and bolt or be screwed.

(2) Every nut on a clean-out shall be of brass or other equally non-corroding metal.

(3) The body of a clean-out shall have a thickness not less than that prescribed for the wall of piping of the same metal and trade size.

135.—(1) A clean-out plug shall,

- (a) be of brass or other equally non-corroding metal;
- (b) subject to regulation 2, have a wall thickness equal to the thickness of the wall of the piping into which the clean-out plug fits; and
- (c) have a cover with a solid raised projection or a recessed socket so that the cover may be removed.

(2) Where a clean-out plug is hollow or stamped out, the wall thickness of the plug shall be not less than $\frac{1}{8}$ inch.

136. A clean-out connected to a pipe,

- (a) up to 4 inch, trade size, shall be of the same trade size as the pipe; and
- (b) larger than 4 inch, trade size, shall be not smaller than 4 inch, trade size.

137.—(1) A clean-out shall be so installed as to be readily accessible.

(2) Where a clean-out is fitted to a pipe under ground, the clean-out shall be made readily accessible by extending it above ground or by providing an access pit.

138.—(1) A clean-out shall be installed in the building drain as near as possible to and on the downstream side of the building trap.

(2) A clean-out shall be installed at or as close as practicable to the foot of each waste stack or soil stack and so that it may be readily used.

139.—(1) Every waste pipe connected to a sink shall be provided with sufficient clean-outs to reach each twenty feet of the waste pipe or fraction thereof.

(2) Clean-outs in horizontal drainage piping shall be at intervals not greater than,

- (a) fifty feet, where the piping is of 4 inch, or smaller, trade size; or
- (b) 100 feet, where the piping is of larger trade size.

SEWAGE TANKS AND SUMPS

140.—(1) A subdrain carrying sewage from a fixture shall discharge by gravity into a sewage tank.

(2) A subdrain carrying ground water shall discharge by gravity into a sump.

(3) The sewage shall be discharged by a pump, or mechanical ejector from the sewage tank into the building sewer of building drain and shall not pass through a building trap.

(4) The pump or mechanical ejector shall be so designed and have capacity great enough that it empties the sewage tank at least once in every period of two hours.

(5) Every sewage tank and every sump constructed of a material other than steel or cast iron shall be separated by a space of not less than six inches.

TESTING

141.—(1) Each drain shall be tested by rolling through it a ball made of hard material sufficiently heavy to prevent it from floating.

(2) The diameter of the ball shall be,

- (a) two inches, for piping of 3 inch, or larger, trade size; and
- (b) one inch for smaller piping.

142.—(1) Any test may be applied to any part of drainage piping separately from the remainder of the drainage piping.

(2) Where a test that is required by these regulations is being made, sufficient clean-outs shall be removed to ensure that the water, air or smoke, as the case may be, has reached every point of the piping being tested.

143. After drainage piping is connected but before the fixtures are connected to it, the piping shall be tested by the water test or the air test, applied in the manner prescribed by regulation 145 or 146.

144. In regulations 145 and 146, "outlet" means the opening in drainage piping through which the water or air used to make a water test or air test, may escape to the open air, to any part of the piping not under test or to the main sewer.

145. A water test shall be made by,

- (a) tightly closing all outlets, except the highest, in the piping being tested;
- (b) filling the piping completely with water until the water is steadily overflowing at the highest outlet of the piping;

(c) visually examining every joint of the piping after the water has been in the piping for not less than fifteen minutes and while still in it; and

(d) ensuring that no water is seeping out or leaking at any point.

146. An air test shall be made by,

(a) securely attaching an air compressor or similar pneumatic testing apparatus to the piping at any convenient outlet of the piping tested;

(b) tightly closing all other outlets of the piping;

(c) forcing air into the piping until the constant internal pneumatic pressure is not less than 5 p.s.i.; and

(d) ensuring that air is not escaping from the piping at any point after that pressure has remained constant for not less than fifteen minutes and while it is still constant without any additional air being forced in or a change occurring in the temperature of the piping greater than 5° F.

147.—(1) After all fixtures have been connected to the piping, a final test shall be made of the drainage piping and venting thereof.

(2) The test shall be made by,

(a) filling all traps of the piping being tested to their respective minimum water seals;

(b) completely filling the piping and vents with a black, pungent smoke by any convenient method;

(c) closing every vent stack, stack vent, soil stack and waste stack after the smoke has risen steadily through them;

(d) adding into the piping and vents more smoke sufficient to build up an internal pressure equivalent to a 1-inch water column; and

(e) ensuring that no smoke is escaping from the piping or vents at any point after that pressure has been maintained constant for not less than fifteen minutes and while it is still constant.

PART 4

FIXTURES

148.—(1) Every fixture shall be connected to drainage piping.

(2) The room or compartment in which a fixture is located shall be adequately ventilated.

(3) All walls and flooring around or under a bath tub, shower bath, or sanitary unit in a public building shall be of a material that is impervious to water.

149. Fixtures other than drinking fountains or refrigerators or other food containers shall not have an indirect waste pipe.

150.—(1) A fixture shall be so installed as to be readily accessible for cleansing.

(2) A fixture having an integral trap shall be set plumb and true.

(3) Subject to subregulation 4, every fixture shall be so installed that all walls and flooring around or under it are easily accessible for cleansing.

(4) Where a fixture is built into the structure of a room or compartment, it shall be so installed that water does not accumulate on the walls or flooring around or under the fixture.

151. Every fixture shall be provided with such supply pipes and fittings as will supply sufficient water for flushing the fixture to the extent necessary to keep it in sanitary condition.

152. The pipe supplying water to a fixture itemized in column 1 of Table 26 shall be of a trade size not smaller than that prescribed in column 2.

153. Non-potable water shall not be distributed to a bath tub, kitchen, scullery sink, shower bath or wash basin.

154. No trough urinal shall be installed.

155.—(1) In subregulation 2, "frost-proof closet" means a water-closet so designed that,

(a) the trap and the water supply control valve are installed below frost line; and

(b) the bowl does not retain water.

(2) No frost-proof closet shall be installed so as to discharge directly or indirectly into a main sewer.

156.—(1) Every fixture shall be of such materials, construction and design as will ensure that the exposed surface of all parts are,

(a) hard;

(b) smooth;

(c) impervious to cold or hot water;

(d) readily accessible for cleansing; and

(e) free from,

(i) blemishes, or

(ii) cracks or other interstices,

that may harbour germs or impede thorough cleansing.

(2) All other parts of the fixture and all the area around the fixture so closely adjacent to it that germs may harbour therein shall be of such materials, construction and design as will ensure that the fixture and the adjacent area can be readily maintained in a thoroughly sanitary condition.

(3) A pipe carrying waste from,

(a) a refrigerator or ice box;

(b) an appliance, device or apparatus that is used for the storage, preparation or processing of food or drink;

(c) a sterilizer; or

(d) a water still, water treatment device or water-operated device,

shall be an indirect waste pipe.

157. A water-closet bowl shall be,

(a) of vitreous china, vitreous glazed earthenware or any material having equally smooth, hard, impervious surface;

(b) in one piece;

(c) provided with integral flushing-rims so constructed as to flush the entire interior of the bowl;

- (d) rigidly connected to the waste pipe; and
- (e) where the water-closet bowl is in a public building, equipped with a seat with an open front.

158.—(1) A water-closet tank shall have,

- (a) water capacity; and
- (b) flush valve equipment,

such as will ensure at all times a supply of water sufficient to flush normal solids and soil out of the bowl.

(2) A flush pipe shall have an internal diameter not less than that of the spud on the tank.

159.—(1) A urinal shall be of a material prescribed by clause *a* of regulation 157.

(2) A urinal of a siphon jet, blow out or pedestal type shall have its flushing-rim and its trap integral with it.

160. A urinal tank shall have,

- (a) water capacity;
- (b) flush valve equipment; and
- (c) pipe connecting to the urinal,

such as will ensure at all times a supply of water sufficient to flush the normal liquids and solids out of the urinal.

161.—(1) A wash basin,

- (a) shall be of a material prescribed by clause *a* of regulation 157; and
- (b) shall have a waste pipe not smaller than 1¼ inch, trade size.

(2) The waste opening shall be equipped with a strainer.

(3) Where a stopper is provided it shall be so arranged that the standing water in the fixture does not rise in the overflow pipe when the stopper is used, or remain in the overflow pipe when the fixture is empty.

162. The floor of a shower bath shall be of materials having a hard surface, impervious to water and shall be provided with,

- (a) a waste fitting not smaller than 1½ inch, trade size; and
- (b) a strainer at the waste outlet.

163. A bath tub shall be,

- (a) of material having a smooth, hard interior surface, impervious to water; and
- (b) equipped with a waste fitting not smaller than 1½ inch, trade size.

164.—(1) The overflow pipe from a fixture shall be connected on the inlet side of the trap and so arranged that it can be readily and effectively cleansed.

(2) An overflow fitting shall be so arranged that the standing water in the fixture does not rise in the overflow pipe when the stopper is used and all water drains from the overflow pipe when the fixture is empty.

165.—(1) The fixture through which an indirect waste pipe discharges shall be open, vented and located in an accessible, ventilated place.

(2) Subject to subregulation 3, an air gap conforming to the requirements of regulation 41 shall be provided between,

- (a) the outlet end of an indirect waste pipe; and
- (b) the flood level rim of the fixture receiving the discharge from that pipe.

(3) The length of the air gap shall be not less than the nominal diameter of the indirect waste pipe.

166.—(1) Every indirect waste pipe shall be trapped, but, subject to subregulation 2, need not be vented.

(2) Where an indirect waste pipe receives the discharge from,

- (a) drinking fountains; or
- (b) refrigerators,

located on three or more storeys, it shall be vented by being extended to open air.

167. An indirect waste pipe from a refrigerator or similar food container shall have clean-outs at all angles and be so arranged as to permit flushing and cleansing.

REVOCATION

168. Ontario Regulations 261/52 and 52/53 are revoked.

Quieting Orders Act

P.F.M.—9752

THE ONTARIO MUNICIPAL BOARD

IN THE MATTER OF The Municipal Corporations Quieting Orders Act (R.S.O. 1950, c. 245), as amended,

—and—

IN THE MATTER OF Section 10a of The Territorial Division Act (R.S.O. 1950, c. 388), as amended,

—and—

IN THE MATTER OF an application by The Corporation of the Township of South Monaghan, in the County of Northumberland and Durham, for a Quieting Order.

BEFORE:

R. L. KENNEDY,
 Vice-Chairman,

—and—

D. JAMIESON,
 Member.

Thursday, the 11th day
 of August, 1960.

UPON THE APPLICATION of the Corporation of the Township of South Monaghan for a Quieting Order, and a public hearing having been held at the Township of South Monaghan on the 29th day of January, 1960, before W. Greenwood, B.Sc., member of the Board, duly authorized by the Chairman of the Board pursuant to Section 14 of The Ontario Municipal Board Act in the presence of several officials of the Township of South Monaghan and of the Township of Hamilton, and it appearing that notice of the said hearing had been given in accordance with the directions of the Board, and the said member after hearing evidence and other submissions having adjourned the hearing and having subsequently received a copy of an agreement made between the Corporation of the Township of South Monaghan and the Corporation of the Township of Hamilton, dated the 12th day of April, 1960, filed, and the said member having reported to the Board and the Board having considered the report of the said member:

1. THE BOARD ORDERS AND DECLARES, under and in pursuance of the legislation hereinbefore referred to, and of any and all other powers vested in the Board, that

All islands, tracts of land and lands covered by water, lying to the north of a line described as commencing at the centre of the road allowance of

the public travelled road running in a northerly direction from the Government Wharf at Pen-galley's Landing on the north shore of Rice Lake through Lot No. 28 in the Tenth Concession of the said Township of Hamilton and which road has been long established as a public travelled road in lieu of the original road allowance between Lots Nos. 6 and 7 in Broken Front Concession "A" of the said Township of South Monaghan and lies a short distance westerly of the said original road allowance; thence southeasterly in a straight line to a point distant 200 feet measured due south of the most southerly tip of Grape Island in Rice Lake at high water mark; thence easterly in a straight line to a point lying 200 feet due south of the most southerly tip of Long Island in Rice Lake at high water mark; thence easterly in a straight line to a point in the centre of the navigation channel at the mouth of the Otonabee River where it enters Rice Lake and being a point assumed by The Department of Transport of Canada as being the mouth of the Otonabee River 68.9 miles from Trenton on the Trent Canal Navigation Waterway,

lie within the Township of South Monaghan, in the County of Northumberland and Durham, and that the above described line shall throughout its entirety constitute part of the southerly boundary of the said Township of South Monaghan.

2. AND THE BOARD FURTHER ORDERS AND DIRECTS that the applicant corporation shall:

(a) publish a copy of the Board's order once a week for two consecutive weeks in a newspaper having general circulation in the County of Northumberland and Durham, the first of such publications to be not later than the 15th day of September, 1960, and post up a copy of such order in a public place in the County Court House of the County of Northumberland and Durham;

(b) post up a copy of the Board's order at the Office of the township clerk for inspection during regular business hours.

B. VICKERS,
 Acting Secretary.

Application to Parliament Private Bills

PUBLIC NOTICE

LEGISLATIVE ASSEMBLY OF ONTARIO

The attention of Municipal Officials, Solicitors and all other persons who may be interested in the preparation of Private Bills for submission to the Legislative Assembly of Ontario is directed particularly to the following Rules of the House governing the submission of such Bills:

RULES RE SUBMISSION OF PRIVATE BILLS

63.—(1) No petition for any Private Bill is received by the House after the first two weeks of each Session nor may any Private Bill be presented to the House after the first three weeks of each Session; nor may any report of any Standing or Select Committee upon a Private Bill be received after the first six weeks of each Session and no motion for the general suspension or modification of this Rule shall be entertained by the House unless after reference made thereof, at a previous sitting of the House, to the several Standing Committees charged with the consideration of Private Bills upon Report submitted to two or more of such committees.

64.—(1) Any person desiring to obtain a Private Bill shall deposit with the Clerk of the House at least eight (8) days before the meeting of the House a copy of such Bill together with a fee of \$150, and if such Bill is not deposited by that time the applicant shall pay \$10 for each and every day which intervenes between the said eighth day and the date of the filing of the Bill.

(2) After the first reading of the Bill and before its consideration by the Committee to which it is referred, the applicant in every case shall pay the cost of printing the Act in the Statutes.

(3) The following charges shall also be levied and paid in addition to the foregoing:

(a) When any rule of the House is suspended with reference to a Bill or the Petition therefor, for each suspension, \$50.

(b) When a Bill is presented to the House after the first three weeks of the Session and before the end of the fourth week, \$75.

(c) When a Bill is presented after the fourth week of the Session, \$100.

(4) In the case of any Bill incorporating a company or increasing the capital stock of a company already incorporated, there shall be paid to the Clerk of the House, by or on behalf of the applicant, before the same is reported to the House, the same fee as would be payable to the Provincial Secretary in the case of an incorporation or increase of capital under the provisions of The Corporations Act, 1953, less the sum of \$150 already paid to the Clerk of the House.

(5) When a Bill is for the purpose of confirming by-laws, bonds, debentures or other securities, or authority is asked to borrow money or to increase borrowing powers, the following additional fees shall be paid according to the amount of money involved:

On amounts less than \$10,000, \$25; on amounts over \$10,000 and up to \$25,000, \$50; on amounts over \$25,000 and up to \$40,000, \$75; on amounts over \$40,000 and up to \$75,000, \$100; on amounts over \$75,000 and up to \$125,000, \$125; on amounts over

\$125,000 and up to \$175,000, \$150; on amounts over \$175,000 and up to \$250,000, \$200; on amounts over \$250,000 and up to \$350,000, \$250; and an additional fee of \$50 for every \$100,000 over \$350,000.

66. All applications for Private Bills properly the subject of legislation by the Legislative Assembly of Ontario, within the purview of "The British North America Act, 1867", shall require a Notice, clearly and distinctly specifying the nature and object of the application and, where the application refers to any proposed work, indicating generally the location of the work, and signed by or on behalf of the applicants, such Notice to be published as follows, viz.:

A notice inserted in THE ONTARIO GAZETTE and in one newspaper published in the Municipality affected, or, if there be no newspaper published therein, then in a newspaper in the next nearest municipality in which a newspaper is published.

Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the next preceding Session and the consideration of the Petition.

If the application is by a Municipal Corporation for authority to issue debentures, the notice shall set out the particulars of the existing debenture debt and the amount of rateable property of the Municipality according to the last revised assessment roll of the Corporation, and in brief and general terms the object for which the new issue of debentures is required.

67. Before any Petition praying for leave to bring in a Private Bill for the erection of a Toll Bridge is received by the House, the person or persons intending to petition for such Bill shall, upon giving the Notice required by the preceding Rule, also, at the same time and in the same manner, give Notice of the rates which they intend to ask, the extent of the privileges, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

68. Before any Petition praying for leave to bring in a Bill for the construction of Railways, Tramways or canals is received by the House, the person or persons petitioning for such Bill shall deposit with the Clerk the following documents:

1. A map or plan upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the line of existing or authorized works of a similar character within, or in any way affecting, the district or any part thereof which the proposed work is intended to serve. Such map or plan to be signed by the Engineer or other party making the same.

2. A book of reference in which shall be clearly set out the following information in separate schedules, namely:

SCHEDULE A.—The name of each municipality within which the proposed works or any part thereof are intended to be constructed; the population of each such municipality as returned by the next preceding census; the rateable value of the property within each such municipality, as returned by the next preceding assessment rolls thereof; and this schedule may contain in a separate statement similar information as to the adjoining districts intended to be served by the proposed work.

SCHEDULE B.—A general description of the nature, extent and proposed character of the contemplated works, and an estimate of the probable cost thereof, distinguishing the general items of construction and the cost thereof respectively, as well as the nature,

extent and probable cost of all engines and car stock or other outfit or equipment necessary to the use and operation of the proposed undertaking, such schedule to be signed by the Engineer or other person preparing the same.

SCHEDULE C.—An exhibit showing the total amount of capital proposed to be raised for the purposes of the undertaking and the manner in which it is proposed to raise the same, whether by ordinary shares, bonds, debentures or other securities, and the amounts of each respectively.

SCHEDULE D.—An estimate of the probable revenues of the proposed undertaking, showing the sources whence the same are expected to be derived; the annual earnings thereof respectively; the probable annual cost of operation or working expenditure, and the annual net revenue applicable to the payment of interest on the proposed investments, such schedules to be signed by the person preparing the same.

72. When any Bill for confirming any Letters Patent, or Agreement, is presented to the House, the copy of such Letters Patent, or Agreement, shall be attached to it.

74. Every Private Bill, when read a first time, unless it be an Estate Bill or a Bill providing for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation, shall stand referred to the proper Standing Committee, and all petitions before the House, for or against the Bill, are considered referred to such Committee.

75. Every Private Bill, in so far as it provides for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation, when a Bill has been read the first time, shall, without special reference, stand referred to The Ontario Railway and Municipal Board for their report; and a copy of such Bill and of the Petition on which the same is founded shall be forthwith transmitted by the Clerk of the House to the Board, in order that the Board may, after an inquiry into the allegations set out in the Bill, and into any other matters which the Board may deem necessary in connection therewith, report to the House whether or not it is reasonable that such Bill or part thereof relating to the matters aforesaid shall be passed; and what alterations, if any, should be made in the same, and the Board shall make such inquiry accordingly and shall sign the same; and the said Report, Bill and Petition shall be transmitted to the Clerk, and the Report shall be read by the Clerk at the Table and shall be entered on the Journals of the House, and the Bill, together with the Report, shall stand referred to the Standing Committee on Private Bills.

76. Every Estate Bill, when read a first time, shall without special reference stand referred to the Commissioners of Estate Bills, for their Report, and a copy of such Bill, and of the Petition on which the same is founded, shall be forthwith transmitted by the Clerk of the House to the said Commissioners, or one of them, in order that they, or any two of them, may, after perusing the Bill, without requiring any proof of the allegations thereof, report to the House their opinion thereon under their hands; and whether, presuming the allegation contained in the preamble to be proved to the satisfaction of the House, it is reasonable that such Bill do pass into a Law; and whether the provisions thereof are proper for carrying its purposes into effect, and what alterations or amendments, if any, are necessary in the same, and in the event of their approving the said Bill they are to sign the same; and the said Report, with the said Bill and Petition, are to be transmitted by the said Commissioners to the Clerk; and the Report shall be read by the Clerk at the Table and shall be entered on the Journals of the House; and the Bill together with the report shall stand referred to the Standing Committee on Private Bills, which is not to consider the said Bill before the delivery of the said Report, Bill and Petition to the Chairman of the said Committee.

77. In the event of the Commissioners of Estate Bills reporting that, in their opinion, it is not reasonable that the Bill submitted to them shall pass into law, such Bill shall not be further considered.
